GREAT METHODIST CONFERENCE TO-DAY

Delegates of Church in Canada Meet in Toronto

Address Delivered by General Superintendent

Toronto, Sept. 27.—The Eleventh General Conference of the Methodist Church of Canada opened this morning with devotional exercises and the sacrament of the Lord's Supper, which was administered by Rev. Dr. Chown, General Superintendent, assisted by the presidents of the annual conferences.

The impressive service was held in the historic Metropolitan Church, and most of the 387 lay and clerical delegates authorized to sit in this parliament of Canadian Methodism took part.

The delegates represent every portion of British North America. The General Conference meets every four years, and its present deliberations are expected to extend over approximately two weeks.

Church Union

While many important questions are before it, the most momentous decision will be with regard to the draft of the United Church of Canada, prepared to meet the legal requirements in connection with church union. This draft has been adopted by the joint committee of Methodists, Congregationalists and Presbyterians and now has come before the supreme court of those respective denominations for final action.

No effort has been spared in preparation for entertaining the delegates.

Thought Needed

In his address to the Conference the General Superintendent said the whole question of Church Union, with important ramifications regarding existing ministerial superannuation funds, the Presbyterian General Assembly proposals for the guarding of the rights of the minorities opposed to the union, and other features, would still require an immense amount of intensive and responsible thought to bring the movement to a successful and happy conclusion.

The elected leader of the Canadian Methodist Church predicted the coming of a "new revival" which would give birth to a new age in his (Concluded on page 1.)

MUST LIVE HERE YEAR TO GET AID

Unemployed Will Have to Prove They Really Live in the City

Unemployed men who want to get relief jobs from the city next winter will have to show that they have lived here at least a year, it was made known at the City Hall today.

"Yes, we intend to make the period of domicile one year," Mayor Marchant declared when asked about the city's attitude towards unemployed men. "Men who have lived here less than that time can hardly claim to be bona fide residents of the city. Victoria is in a peculiar position in connection with unemployment because unemployed men drift to the coast from all parts of Western Canada on account of the climatic conditions here. Thus Victoria and Vancouver have suffered from having more than their share of idle men. In the past hundreds of men have wandered in here and then demanded relief and under existing legislation they can justly claim it. Next winter, however, we intend to make the period of domicile, at one year."

The question of domicile for unemployed men will be discussed at the Kamloops conference of the Union of British Columbia Municipalities next month. It is understood that Victoria delegates will urge the Union to favor a one-year domicile period.

THREE CHILDREN BURIED TO-DEATH

Tragedy Occurred on Farm in Manitoba

Lamp Upset While Mother Was Outside

Winnipeg, Sept. 27.—Three children of Mr. and Mrs. Armand St. Godard, of Elizabeth, Man., ranging in age from three years to two months, were burned to death last evening when fire destroyed their home.

During the absence of the mother, who was outside milking, it is believed the children were playing on a table. When the mother returned she found the inside of the house in flames. Help was summoned from the neighborhood, but it was too late to make any attempt to rescue the children.

This morning a few charred remains were found in the smouldering ashes.

I. SIEGFRIED

DIED IN FRANCE

Havre, Sept. 26.—Julius Siegfried, former Minister of Commerce and dean of the Chamber of Deputies, died to-day.

Is Favored for Speakership of B.C. Legislature: F. A. Pauline, M.P.P.

Nelson, Sept. 27.—The caucus of Liberal members of the Legislature to-day decided to support F. A. Pauline, M. P. P. for Speaker, as their choice for Speaker when the Legislature selects a successor to Hon. A. M. Manson. Mr. Pauline has served as Deputy Speaker and chairman of the committee of the whole.

CAUCUS PRECEDES CONVENTION

Nineteen Members of Government Party in Legislature Attend

Fort George Riding Delegates Want P.G.E. Extension

Nelson, Sept. 27 (Canadian Press).—Preliminary to the Provincial Liberal convention which opens its two days' sessions here to-morrow with delegates from all parts of British Columbia in attendance, to-day is being devoted to a caucus at which there are present five members of the cabinet and fourteen of their supporters in the Legislature.

Every boat and train to-day will bring in delegates, the advance guard of whom have already come in, and by midnight it is expected that 300 will be in Nelson to take part in party deliberations.

Mayor C. P. McHardy, who was Conservative candidate in the late by-election, will extend a civic welcome to the convention to-morrow morning.

Question of a future policy for the P. G. E. is the burning topic with which the caucus is struggling this morning. The Fort George riding delegates are ready if necessary to fight on the convention floor for the completion of the road to Prince George, and its extension into the Peace River.

Major W. H. Langley, who was Conservative candidate in the late by-election, will extend a civic welcome to the convention to-morrow morning.

RIOT IN CORK PRISON CAUSE OF A DEATH

Belfast, Sept. 27.—A Cork message to-day says 440 prisoners in jail there started rioting Sunday and wrecked several cells. After several hours of pandemonium the authorities gave the men a specified time to desist. This time, adds the message, was later extended and the guards then fired, wounding two men, one of them fatally, after which the rioting ceased.

CONSTRUCTIVE WORKS IN BRITAIN URGED BY CLYNES

London, Sept. 27.—(Canadian Press Cable).—Speaking at Sydney, J. R. Clynes, M. P. Labor, said the Cabinet had left the country in darkness regarding how it would cope with the appalling distress which the coming winter would disclose. Inadequate relief was no solution of the problem. It would pay better to spend two or three times the amount in wages for useful work.

"The Government," said Mr. Clynes, "is inviting the hostility of millions of workers who are waiting to express their disgust of the Government's policy as soon as a general election is declared."

THREE BANDITS KILLED IN FIGHT

Eureka Springs, Ark., Sept. 27.—Two unidentified, masked bandits were killed, another fatally wounded and two others severely shot at noon to-day in a running fight with citizens after the five men had robbed the First National Bank of this place of \$25,000 in money and \$30,000 in bonds. The money and bonds were recovered.

MAN WHO LAD NORTH SEA LINE BARRAGE HERE

Admiral Joseph Strauss Here on SS. President Madison From Orient

Famous Naval Officer Has Relinquished Command of Asiatic Fleet

Admiral Joseph Strauss, of the United States Navy, the man who was chiefly responsible for the laying of the gigantic minefield across the North Sea between Scotland and Norway, which so effectively bottled up the Teutonic fleet, was a distinguished passenger arriving here last night from the Orient by the liner President Madison.

For the past two years, Admiral Strauss has been in command of the United States Asiatic fleet, his flagship being the U. S. S. Huron. The Admiral is 60 years of age, but is as active as a man twenty years his junior, and he has no intention of retiring from active naval service. His immediate destination in the United States is Washington, D. C., and after conferring with the Navy Department, he expects to get another command, either on the Atlantic or the Pacific. Admiral Strauss was accompanied on the President Madison by Mrs. Strauss.

Succeeded by Anderson

The Admiral turned his flagship, the Huron, over to Admiral Anderson, who is on his way to a short sojourn in Japan, boarded the Admiral liner at Yokohama. He is one of the most noted commanders in the American Navy. Born at Mount Morris, New York, November 16, 1861, he graduated at the United States Naval Academy in 1885. Rising rapidly in his chosen career, Admiral Strauss was made Rear-Admiral on February 1, 1918.

Turret Inventor

He was the inventor of the superposed turret system of mounting guns on battleships. For several years prior to 1900 he was engaged in the blockade of the Cuban coast. In March, 1918, he laid the mine barrage across the North Sea, and blasted 65,000 miles. He also was in command of the expedition which cleared the North Sea of mines, completing the work September 30, 1918. His home is at Washington, D. C.

\$8,000 WAS HUL OF BANK ROBBERS

Six Thugs Committed Crime in Moosomin

Train Delayed Because Telegraph Wires Cut

Brandon, Man., Sept. 27.—Six robbers clad in overalls and wearing peaked caps broke into the Union Bank branch in Moosomin, Sask., this morning, blew the vault and then the inner safe and escaped with \$8,000 in cash, but did not take any bonds. As has been the case in other recent robberies, the bandits cut all telegraph and telephone wires. Two of them also bound the telegraph operator, John McQuinn, and took him to the bank. Two others were stationed at the corner of the street and two were in the bank.

The manager of the bank and his wife were locked in their room above the bank during the robbery. Seven charges were made on the vault.

Owing to the fact that the telegraph wires were cut, there were no orders.

Three Robberies

The Moosomin branch was the third-branch of the Union Bank to be robbed in recent weeks, the others being in Foremost, Alberta, and Melita, Manitoba. It is said to be the theory of the authorities that the recent bank robberies are connected.

MESSAGE SENT BY POPE TO KEMAL

Turks Are Asked to Avoid Bloodshed

Urged to Adopt Every Possible Measure

Rome, Sept. 27.—Pope Pius to-day telegraphed Mustafa Kemal Pasha urging that the Turkish commander adopt every possible measure to avoid further bloodshed.

PRAYERS FOR GUIDANCE FOR EMPIRE LEADERS

Toronto, Sept. 27.—Prayers for divine guidance for the statesmen of Great Britain and Canada in the present crisis in the Near East were offered at the opening devotional exercises of the General Conference of the Methodist Church in Canada here to-day.

A motion was passed providing for a committee to draft a resolution expressing the belief of the conference in the justice of Britain's position and the unwavering loyalty of the church to Canada and the Empire in these critical times.

KEMAL'S REPLY UNACCEPTABLE

Wants Allies to Permit Invasion of Thrace

Says He Knows Nothing of Neutral Zone

Constantinople, Sept. 27.—12.35 p. m.—It is unofficially forecast that the Kemal reply to the Allied peace note contains conditions unacceptable to the Allies in that the Nationalists insist upon the use of the straits for transporting troops to Thrace before the beginning of the peace conference.

Evasive Reply

London, Sept. 27.—Mustapha Kemal Pasha, replying to General Harrington's ultimatum, evades the question of the withdrawal of the Turkish troops as demanded, says a Reuter dispatch from Constantinople, but declares that Kemal has no knowledge of a neutral zone. He complains of the action of the British in destroying buildings and roads, and concludes by saying he concurs with the Allies in the desire to avoid incidents.

DARDANELLES FORCES INCREASED

30,000 British Troops Supported by Many Warships

Kemal Continues to Send Troops Forward

Constantinople, Sept. 27.—While the Anatolian front, sitting at Smyrna, is completing its reply to the Allied note, the Nationalist army continues its feverish concentration of troops on the Ismid and Chanak lines. Mustafa Kemal now has 1,100 men in Kum Kaleesi, at the mouth of the Dardanelles, 5,000 at Adramytti, 50 miles southeast of Chanak, and is sending reinforcements of 5,000 men to the intervening straits of Karasul, and considerable forces in the other areas.

By September 30

The Nationalist leader expects these concentrations to be completed by September 30, which date coincides with the time set for the final evacuation of refugees from Smyrna. It is considered significant here that General Nureddin Pasha, Military Governor of Smyrna, has declared he cannot guarantee the lives of the Christians in Smyrna after Monday. This is taken to mean that the Kemalists want to clear the deck for action in the event the Allies reject their reply.

British Forces

The British are no less busy strengthening their defences at the Dardanelles. Further arrivals of military and naval units are daily augmenting their forces and improving Mustafa Kemal's chances of successfully attacking the straits. The Sea of Marmora and the Bosphorus are dotted with the most modern warships, and the concentration of the fleet on the fateful days of the Gallipoli campaign.

Over 30,000 Soldiers

The British fleet now includes six dreadnoughts, seven battlecruisers, twenty cruisers, and several submarines and aircraft carriers. The assembly of this great armada and the increase in the British land forces to upward of 30,000 men have quieted the frayed nerves of the Christian population of the capital.

The Sultan's Cabinet met in special session yesterday and decided not to retire, as so ordered by the Kemal Government.

Aldershot, Eng., Sept. 17.—Nearly 3,000 soldiers of all ranks left here to-day for embarkation for the Near East.

Into Zone

London, Sept. 27.—More Turkish Nationalists have drifted into the Chanak zone, according to official advices from Constantinople to-day. This is not regarded in authoritative quarters, however, as aggravating the situation much and the opinion was expressed in these quarters that trouble would be avoided.

No word has yet been received from Kemal Pasha in answer to the ultimatum giving him forty-eight hours for the removal of the troops in this area, but the British are inclined to give him all possible time to avoid a clash.

Says Neutrality Disregarded

Constantinople, Sept. 27.—Kemal Pasha has explained to the French, it is learned, that the Nationalists occupied Kum Kaleesi and Erbn Kuli because the British had disregarded the neutrality of the straits by permitting the Greeks free passage through it.

CONSTANTINE WAS UNABLE TO DICTATE

London, Sept. 27.—A Central News dispatch from Athens, timed 8.30 o'clock this morning, says King Constantine signed an abdication decree without reservations.

London, Sept. 27.—The Reuter Agency says authoritative news has been received of the abdication of King Constantine. A Reuter dispatch from Athens received about the same time said it was affirmed that the King had "decided to agree to the demands of the revolutionaries."

FORCED TO GIVE UP GREEK THRONE; KING CONSTANTINE

LONDON IS INFORMED GREEK KING ABDICATED

London, Sept. 27, 8.06 p. m.—Confirmation of King Constantine's abdication has been received by the British Foreign Office, it was announced this evening.

RUSSIA PROBABLY WILL HAVE SHARE IN CONFERENCE

London, Sept. 27.—British official circles to-day considered Russian participation in the Near East Conference as probable. It was stated that the French, influenced by the Kemalists, would probably demand Russia's presence.

The receipt of the Russian note on the Near East, although it was described as "another abusive, tactless, undiplomatic communication," has been followed by official circles that a peace conference with the Soviet Government participating and recognizing the agreements reached would be best for all concerned, as Russia's vital interests in the future of the straits is admitted.

OTTAWA CABINET KEPT INFORMED

Ministry Closely Watching Near Eastern Situation

Session of Parliament Could Be Called Quickly

Ottawa, Sept. 27.—(Canadian Press).—The changed complexion of the Near Eastern situation has given rise to renewed anxiety and watchfulness at Ottawa. For several days there were indications that the situation would right itself and that military measures would not be necessary. Now, however, things look far from promising in this connection and the Government is watching the situation closely, ready to take whatever measures may seem necessary.

Informed

Premier King has been out of the city since the beginning of the week, but he is being kept closely informed of developments. With the change in the situation the Government has been notified by confidential messages from the Kemalists and other points in the neutral zone as well as through press dispatches. These confidential messages, it is understood, are being sent on to the Prime Minister upon their receipt here and it is expected that if the situation is such as to warrant it, further meetings of Cabinet will be summoned immediately.

In case of a decision to call an extraordinary session of Parliament to consider the question of sending a contingent overseas, should the situation demand such action, it is expected that not more than two weeks would elapse from the time of the call being issued until Parliament would meet. In August, 1914, war having been declared on August 4, Parliament met on August 18 and sat only four days. The call to the members would be sent by telegraph and the session would be opened by the Prime Minister upon their receipt.

A special session, of course, lies in the power of the Governor-in-Council, but there is a strong possibility that such a call would be issued before the Government would decide on any further action in the matter of sending or preparing to send troops overseas.

SIR CHARLES WADE DIED IN AUSTRALIA; EX-STATE PREMIER

London, Sept. 27.—A Reuter dispatch from Melbourne, timed 8.30 o'clock this morning, says Sir Charles Wade, a justice of the Supreme Court, Sydney, and a former Premier of New South Wales, Sir Charles was leader of the Liberal Party of New South Wales from 1907 until 1918.

REVOLUTIONISTS IN GREECE OUST KING AND THE MINISTRY

Overtaken Is Outcome of Country's Defeat By the Turks; No Bloodshed In Connection With Revolution Is Yet Reported.

London, Sept. 27.—Greece is in the throes of a revolution which has already caused the downfall of the Government, and according to several reports from Athens, has forced the unhappy Constantine to abdicate in favor of the Crown Prince, thus losing his throne for the second time in five years.

The revolutionary movement, which is said to be led by General Gonatas, is making headway in all directions, but thus far without reports of bloodshed. The insurrection, which while not altogether unlooked for, broke out in formidable force with unexpected suddenness, having its inception among the vanquished troops brought from Smyrna to the islands of Mitylene and Chios and among the soldiers at Salonica. Strangely enough, however, these two revolts seem to have had different objects—the former aimed at the overthrow of the Government and King Constantine and the latter at the defence of Thrace against the Turks.

NEW MINISTRY WAS DEMAND

Greek Revolutionists Considered Assembly Dissolved

King Constantine Accepted Cabinet's Resignation

Athens, Sept. 27.—An ultimatum from the warship Lemnos, which arrived at Larion, on the peninsula southeast of Athens, with revolting troops, demanded dissolution of the National Assembly and the formation of a people's Cabinet friendly to the Entente.

A second ultimatum declared it was considered the National Assembly had already been dissolved and it demanded the creation of a pro-Entente Cabinet whose members would be appointed by the revolutionaries.

If no favorable reply had been received by midnight it was declared dismemberment would be begun.

General Popoulas, recently appointed Military Governor of Thrace, proceeded to Larion to negotiate with the revolutionaries.

Neither ultimatum spoke of the abdication of King Constantine, which was mentioned only in yesterday's newspaper manifestos.

The royalist organs consider, however, that the abdication in favor of the Crown Prince should not be excluded from the possibilities.

Resignation Accepted

Athens, Sept. 27.—King Constantine accepted the resignation of the Cabinet, which quickly followed the receipt of two ultimatums from the cruiser Lemnos.

In accepting the resignation the King said he entirely put aside any idea of resistance, which would bring as a result civil war in Greece.

The royalist organs consider, however, that the abdication in favor of the Crown Prince should not be excluded from the possibilities.

RADIO MESSAGE PREVENTED CLASH

British Were About to Open Fire on Turks

Gen. Harrington Tried Peaceful Measures

Constantinople, Sept. 27.—A wireless message sent to Chanak when the Turkish Nationalists occupied Kum Kaleesi and other points in the neutral zone was all that prevented an outbreak of hostilities between the British and Turks, it is learned.

Colonel Sherrin, commanding the British forces in Chanak, was about to open fire on the advancing Kemalists cavalry squadron when he received an urgent radio from Brigadier-General Harrington in Constantinople, instructing him to suspend the attack until all peaceful measures were exhausted. In consequence, a British officer was sent to the Kemalists lines under a white flag to inform the Nationalist commander that unless he retreated the British would open fire. After further parleys the Turks were given forty-eight hours in which to withdraw beyond the neutral zone.

8,000 GREEK SOLDIERS ADDED TO THRACE FORCES

Constantinople, Sept. 27.—An independent Greek division, comprised of 8,000 men, has been landed at Rodosto after a remarkable escape from the Turkish army in the Smyrna region.

At the fall of Eski-Shehr the division was cut off from the main body of Greek troops. After wandering through Anatolia, the men managed to reach the Aegean Sea before the Turkish army entered Smyrna. Then they pushed northward to Dikeli, where they were taken off by two Greek transports.

Arrival of these troops at Rodosto places the third army corps once more at full strength.

REVOLUTIONISTS LAND NEAR ATHENS

Paris, Sept. 27.—A Havas dispatch from Athens, not timed there, received this afternoon says:

"The insurrectionists, who have nine destroyers and naval aeroplanes, besides two warships, the Kilkis and the Lemnos, have landed troops at Cape Sunion (on the peninsula southeast of Athens). General Papoulas has been sent to try to stop them."

Martial law has been proclaimed. "General Koutalis induced the garrison here to adhere to the revolutionary movement."

GREEK FLEET AIDS REVOLUTION

London, Sept. 27.—The Greek fleet has gone over to the revolutionaries, who announce that every officer and member of the crews is wholly with them, according to a Central News dispatch from Athens.

The movement, which is headed by Colonel Gonatas, is making headway in all directions.

The dispatch, dated Tuesday night, said the Cabinet had been in continuous session for many hours. No official statements had been issued, but it was understood that the Ministers were drawing up a manifesto addressed to the people.

Thus far, it added, the revolution had been bloodless despite the excitement of the people, who were surging through the streets and gathering outside the public buildings.

WARSHIPS CARRY REVOLUTIONISTS

London, Sept. 27.—A number of Greek warships and transports manned by revolutionaries have left the island of Mitylene, off the coast of Smyrna, and are proceeding toward Athens, according to messages from authoritative sources received here.

According to the same sources, the revolutionary movement started on the islands of Mitylene and Chios, among the soldiers and refugees from the Smyrna district.

All officers who refuse to join the movement are being arrested. It is added, the immediate cause of the revolt was an order for the demobilization of the soldiers who had been evacuated to these islands, the men wishing to keep their rifles, their trophies, or perhaps for personal protection.

The first intimation the authorities in Athens had of the movement was the appearance of an aeroplane over the city, which was showered with pamphlets drawn up in the name of the army and navy and the population of Mitylene, demanding the resignation of the Government and the abdication of Constantine.

ABDICATION WAS FORESHADOWED

Paris, Sept. 27.—The abdication of King Constantine of Greece was indicated as imminent in Athens dispatches received by the Foreign Office and dated midnight last night.

The revolutionary movement headed by General Gonatas and Plestras seemed to be threatening Athens and two of their ships had landed troops near the capital, which is undefended militarily.

The Government was believed to be intending to seek refuge in the entrenchment of Crown Prince George.

SHIPS COMMAND CHANAK AREA

Constantinople, Sept. 27.—The Kemalists have added to their violation of the neutral zone by pushing forward three cavalry squadrons from Bigha to Kara Buga.

The Turkish army is now on both sides of Chanak, flanking the British by the east and west. The Chanak area, however, is within the range of fire from the British dreadnoughts and the British are confident of being able to hold their position there.

GREAT METHODIST CONFERENCE TO-DAY

(Continued from page 1.)

Dr. Chown vigorously condemned "an abundance of literature of to-day, which is sapping the very foundations of society." He declared that most romantic writers escaped from truth and reality by throwing into the discard the fundamental moral convictions which gave direction to conduct and character during the nineteenth century.

"In a most subtle way, on the hearts of thousands of our people, in common with those of other churches, there is being produced a paralysis of faith, deadness to the appeal of truth and righteousness, and despair of humanity," said Dr. Chown. "This unveiling of the impulses of heredity as guides to life opens the way without blushing for the morbid and excessive discussion of sex problems, for easy morality, lax divorce, and the excusing of all manner of crime and vandalism as simply necessary expressions of native instincts."

"The imperative duty of the pulpit in reference to this literary development is to restore the sense of personal responsibility, to assert the central, commanding place of the human will, the supremacy of moral law, and direct and sure responsibility to the Divine Being."

Union Legislation

"Since June last such draft bills as may be necessary for the incorporation of the United Church of Canada have been in course of preparation, and the proposed Act of Incorporation is now ready for your consideration," said Dr. Chown. "In doing so it will be observed that the doctrines and policy of the church and the provisions relating to the ministry have been mutually accepted in considerable detail by the negotiating churches. In the sphere of administration, certain policies and principles have been indicated, but it will require much thought and study to reduce these policies and principles to such an administrative form as will provide for their application to all the exigencies of the future. Much actuarial work must be done and its results accepted in order to secure respective equality of opportunity and responsibility as between the members and ministers of the uniting churches in regard to the legislative and proper provision will be made to guard the rights and privileges of any minority which may be opposed to union. This condition was afterwards affirmed by the General Assembly and is now embodied in the proposed Act of Incorporation. It was presented to our General Conference special committee for consideration some time ago, but that committee took no action. It will therefore be a matter for serious consideration and action by this conference."

Materialism

"Materialism, which gave some of our fathers in the ministry grave concern and bombarded our educational institutions with such a less force, appears to be rapidly becoming a spent force," said Dr. Chown. "The message of the church must convince contentants in the sphere of capital and labor that all social questions are at bottom moral and spiritual. It must attempt to show the bearing of Christian principles upon industrial life, ruling out the idea that there is any set of circumstances into which the iron laws of business have a right to enter. Ever and always it must be remembered that each soul of man is of infinite and equal value, because all men are children of one Divine Father, and that service is the true function of industry, whether on the side of capital or labor."

Fundamental Truths

"We must now lift the life of the spirit so high that it will tower above the secular life as much as the skyscraper towers above the adjacent church. And just as the skyscraper needs to have its foundation laid far below the surface, that it may stand in unquivering steadfastness amid the storms which play upon its lofty roof and greater fruitfulness. The deeper and lay the foundations of character on the fundamental truths of the Word of God, that it may be unshakable in the present stress. The richer the scholarship of the ministry, the deeper the conviction that it produces regarding essential truth."

"Unfortunately, scholarship often has not fulfilled its mission in this regard. It has rooted 'up' conviction and left the exposed roots of doubt, instead of transferring them into a more favorable soil for deeper rooting and greater fruitfulness. The latter process is what the church needs, and will warmly welcome today."

Bible

In this transition era we must continually sound out the ever-lasting Word of God. The soul of man cannot live upon negations. They will starve it to death. By pointing out petty inaccuracies in the Bible which do not at all affect the spiritual substance of its teaching, people are being led to believe that the truth of religion is denied, and their faith is shaken, if their resentment is not aroused. We should avoid this as a pestilence. The scholarship which weakens faith in the supreme authority of Jesus Christ in matters of life and salvation has no place in any Methodist pulpit. It robs us of Christianity. If doubt conquers that citadel, the last defence of Christian faith goes with it, and the church itself will lose immeasurably in spiritual power."

Revival

"A glorious revival is coming: From many indications that is sure. Through all the mutations and adjustments of social and national life the soul of man is turning towards the higher things. Evil men may be waxing worse and worse, but the salt of the earth is increasing every day. 'This great revival will give birth to a new age in history. Nothing else will do it. Thank God the time is past when evangelism can be regarded as the work of a few mystical enthusiasts in the church. It is work fit for the biggest men in the community. God grant that the strongest

MAKES CAMPAIGN

Tries to Secure Democratic Nomination for Governor of New York

New York, Sept. 27.—The eve of the Democratic state convention, which will open in Syracuse to-morrow, finds William Randolph Hearst making frantic eleventh-hour efforts to regain the ground he lost when his supporters were swamped by the voters at last week's primary. In the two test counties, Erie and Albany, Hearst men were badly defeated by delegates pledged to the support of Alfred E. Smith, former Governor. The prize is the Democratic gubernatorial nomination, and current reports are that Hearst had hopes of

winning the nomination and the governorship as the first step toward a bid for the presidency of the United States two years hence. His setback in the primary, when it was clearly indicated that the rank and file of the party will have none of him, was thought at first to have shattered that ambition. However, the Hearst papers have since then been conducting a hard campaign with the object of lining up the delegates in favor of the anti-British publisher. Hearst, considered a political down-and-out a few days ago, today in conceded a chance for the nomination by even his most outspoken opponents.

U.S. ADMIRAL
HAS BEEN SENT
TO CONSTANTINOPLE

Paris, Sept. 27.—Vice-Admiral Alfred T. Long, commander of the United States naval forces in European waters, has gone to Constantinople to direct naval operations, should any become necessary in participation with the foreign squadrons, it was stated here today.

CHARGE OF THEFT
FOLLOWS STOCK
BROKERS' FAILURE

Montreal, Sept. 27.—A warrant charging Jules Gossein and George W. Fairbanks, former partners in a bankrupt stock brokerage firm, with the theft of \$500,000 has been sworn out. The warrant was issued at the request of Maurice Demers, acting on behalf of himself and clients of the firm. The indictment charges the partners with converting certain stocks and bonds, the property of their clients, to their own use.

The firm went bankrupt early this year during the epidemic of failures of financial houses in New York and Montreal. This concern owed the defunct Merchants' Bank \$200,000. It is stated that Gossein since the failure has left Canada and an effort is being now made to locate him.

OFFICERS CHOSEN
BY ARCHITECTS

Canadian Society Met in Winnipeg

Winnipeg, Sept. 27.—H. Gordon, Winnipeg, was elected president of the Council of the Royal Architectural Society of Canada here last night at the close of the fifteenth annual meeting of the general assembly. J. Archibald, Montreal, was elected first vice-president; A. L. Mercer, Vancouver, second vice-president; A. L. Chausse, Montreal, secretary, and J. B. Haynes, Toronto, treasurer.

The executive committee will be composed of Messrs. Gordon, Mercer, Chausse and Haynes, representing their respective provinces, and Professor E. S. Burgess, Alberta and F. P. Martin, Saskatchewan.

To Holders of Five Year
5½ per cent Canada's
Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

men in Canadian Methodism may hear this urgent call.

Figures given by Dr. Chown were:

Total membership of the church	388,210	406,933
Young people's organizations	89,271	124,632
Sunday school force, including officers and teachers	454,593	474,359
Total amount given for all purposes by Sunday school and young people's organizations	1,485,042	3,688,658
Total gifts of the church for all purposes	24,827,329	37,356,477
Gifts for missions	2,796,753	4,280,980
Superannuation fund, invested endowment	903,778	2,333,017
Amounts paid by circuits for ministerial support	6,256,905	8,490,015
Total value of church property	\$44,178,371	\$55,643,891

"These figures taken together are an illustration of the unwieldy of reaching conclusions about the prosperity and progress of the church which are not based upon actual knowledge of the facts," said Dr. Chown. "They inspire thanksgiving for the past and courage for the future."

Mollie—"That's the way with those hair restorers—all promise and no performance."

DECLARES GREEKS
WERE VANDALS

Viscount St. Davids Says They Burned, Looted and Murdered in Asia Minor

London, Sept. 27.—Strong criticism of the behavior of Greek troops in the Near East was made yesterday at the semi-annual meeting of the board of directors of the Ottoman Railway, which operates from Smyrna to Aidin, Asia Minor. The Viscount said:

"The Greeks in their retreat burned every village they saw. They robbed

individual Turks, and when they resisted they killed them. They did all this near the front and without military necessity. They did it out of sheer maliciousness. Reports are that it was done systematically by regular troops under orders. It was done by the malice of men who knew they could not hold the country and meant to make it worthless for anyone else."

"The Greeks took from Smyrna a number of leading Turks and deported them to Athens, Viscount St. Davids declared.

"The Greeks deserved all they got and more," he said. "King Constantine's servants are very bad fighters, but they are first class robbers, arson and murder."

HARD TO TELL

Bridget (standing before a picture in Mrs. T's sitting-room)—"Faint picture—shot, Mrs. T."

"I think a great deal of it," replied Mrs. T. "It was one taken of mother and me when I was two years old."

Bridget—"Sure, an' I niver would 'a' thought the ladies an' which is you an' which is your mother!"

MAKING SURE OF HER

She (on the hotel verandah)—"You had no business to do that."

He—"I am engaged to you. Why shouldn't I kiss you?"

She—"But people were looking."

He—"That's why I did it. I am determined that you shall at least return my bow when we get back to London."

Pain Stops Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

Just say
Blue-jay
to your druggist

CONSTANTINE ABDICATES.

During the comparatively short span in which he has ruled Greece King Constantine has abdicated twice. His first "retirement" was the price of his conspiracy with Prussia. This time he leaves the throne as the result of crushing defeats on the field of battle and a revolutionary outbreak among his sorely tried troops. And little interest will be taken in his personal fate. If Greece wants to be ruled by a King she has a right to please herself. If the people prefer to give Constantine another "holiday" it is their business. None but themselves may assume the right to choose either their Premiers or Presidents or Kings.

When the people demanded the exile of Premier Venizelos and the return of King Constantine Great Britain and France signified their displeasure but tacitly declined to regard the matter as one of prime concern to themselves. France had reason to remember the slaughter of her own troops by the cowardly acts of Greek soldiery in the streets of Athens while the Hellenic court amused itself with its intrigue with Berlin. Great Britain in particular conducted a campaign on the Gallipoli Peninsula which might have been won if Greece had not preferred to watch and hope for Teutonic victory instead of taking the field against her ancient enemy—the Turk. But national sentiment in Greece at last revolted; the Venizelists won the day; King Constantine abdicated and left the country for a safe retreat in Switzerland.

With the guiding spirit of Teutonic influence removed the armies of Greece took the field in support of the Allied cause. After the war the royalists were successful in developing a wave of sentiment in favor of the return of their exiled monarch and Premier Venizelos was compelled to accede to the demand for a plebiscite. The voice of the people was unmistakable. Various veiled threats from Paris and London were ignored and the vote left the real patriot no alternative. He could not ignore the right of democratic principle.

Constantine's return to Athens was made the occasion of national rejoicing. Peace and plenty were to return to the land. With the ex-Kaiser's relative once more on the throne the Hellenic Kingdom would discard the sword and pursue its peaceful way. The Greeks were war weary. They had been fighting almost continually for something like nine years and had had enough. Constantine would deliver them from conflict and all would be well. Recent history speaks for itself.

What immediate effect this second retirement of Constantine will have upon the course of events in the Near East may not be judged at this early stage. From the essential military point of view it would seem to matter little whether the Hellenic throne is occupied or whether the country returns to the status of a kingless nation. Such fighting enthusiasm as the soldiery possessed even at the height of its successes of a few weeks ago will have completely disappeared in the face of such a definite defeat as the Kemalists have administered.

The man who could have saved Greece from the consequences of her folly left the country on the toe of German intrigue. The extent to which popular sentiment strayed is emphasized by today's developments.

THE NELSON CONVENTION.

One of the important points to remember in connection with the Liberal Convention which commences its business sessions in Nelson tomorrow morning is that it is a gathering of the Party which is in power at Ottawa and in six out of the nine Provinces of the Dominion. In other words such policies as may be outlined

before the conclusion of its deliberations may be regarded as an indication of the nature of legislation that may be introduced at the forthcoming session of the Legislature.

While it can be assumed that the Liquor Control Act will provide a good deal of material for discussion when the House meets next month the people of the Province will naturally expect their elected representatives to give the major part of their time and consideration to matters which do not concern the nature or quantity of liquor that shall be consumed in any given period or in any given manner. The intelligent public of British Columbia has a right to expect that in this day and generation there shall be an equivalent intelligent regard for questions that more intimately concern its well being in a general sense.

The Convention agenda need not suffer from poverty of subject. There is the problem of the Pacific Great Eastern, the pressing necessity to endow the Provincial Board of Health with additional machinery and more financial support, the desirability to take into consideration the construction of the last remaining link in a trans-provincial highway, the needs of the University, the formulation of a plan that will provide for the treatment and after care of the tuberculous population of the Province—all these matters await final consideration.

Pertinent decisions may be expected. The Government understands the needs of the Province. But progressive legislation which improves the living standards of the people entails financial outlay. Hospitals will never pay dividends. Mothers' pensions cost money. The T. B. who cannot pay for his treatment must depend upon those who are willing to help with dollars and cents. Good roads mean further outlay. And only that for which the people will pay can the Government provide.

STILL WAITING.

During the next twenty-four hours the world will know whether it is in for another general flare up in Europe or whether reason is going to be allowed to prevail. It seems almost inconceivable that Kemal Pasha will wreck his excellent chances of driving a bargain that seemed out of the question a few weeks ago by deliberately running his head against a British force that has grown at an amazing rate within the last few days. His conduct of the campaign against the Greeks and the intelligent use he has made of his advantageous position so far indicate the possession of a mind for bargaining. And there is nothing to suggest that his authority will be challenged by the impetuosity of his officers.

The invasion of the neutral zone by Nationalist troops is not as alarming as the British ultimatum may suggest. A comfortable distance still separates the opposing troops and the danger of conflict grows less as each day passes. The Nationalist leader must realize by this time that the fighting equipment of the three arms of the British forces is a good deal more formidable than his own. He understands something of the rapidity with which these are being and can be augmented as occasion may demand. Developments in Greece should similarly prove a factor in favor of caution.

NEEDLESS ARGUMENT.

In an effort to vary his pilgrimage of complaint the ex-Prime Minister of Canada is utilizing a good deal of energy in his endeavors to prove that Canada is an active party to the Treaty of Sevres and should have jumped at the chance to put the country in a war mood. Mr. Meighen argues that the enabling legislation introduced and passed at the last session of the Dominion Parliament constituted Canada's ratification of the pact. The Prime Minister, apart from his reasonably cautious policy of a week ago, takes the stand that because formal ratifications have not been deposited there is in reality no Treaty of Sevres. In consequence of this division of opinion the political prophets at Ottawa promise a lively interchange at the next session of the House.

BUT END OF BOLSHIEVISM COMING, SAYS PROFESSOR

Change Not More Than Three Years Away

Riga, Sept. 27.—Russian intellectuals have arrived here from Moscow with their families. Twenty-five persons are in the party. Another party, numbering eighty-four, is being sent from Moscow to Petrograd, where the persons will be placed on board a ship and sent away. These expelled include several noted professors and authors and the former Provisional Government's Minister of Agriculture, M. Poshekhonoff. The passports are endorsed in Russian and French, "Expelled from Soviet Russia."

A Socialist professor among the party arriving here said the expulsions represented the hopeless endeavor of the Bolsheviks to retard the inevitable gradual development of a new and powerful bourgeoisie which in the course of two or three years would bring about the final collapse of the present rulers in Russia. He added that the growing mystic religious feeling among the peasants and intellectuals undoubtedly was becoming a serious factor. While the leading co-operationists and intellectuals were being exiled abroad, the professor said, persons of less importance were being banished to remote parts of Russia.

formula should be established by which the average individual, as well as the average statesman and politician, should know when a treaty is a treaty and when it is not. But what will strike most people in connection with this particular controversy is the fact that what is left of the Treaty of Sevres already has been virtually torn up by the principal signatories. Why then, in the absence of any real emergency or out of respect for a precise conception of our liability under a document that has lost most of its force, should Canada become unduly excited? If Mr. King had promised a contingent of troops without taking the course he did Mr. Meighen would have been minus a new text with which to vary his complaints.

NOTE AND COMMENT

Mustapha Kemal Pasha ignores the existence of a neutral zone in the region of the Dardanelles; but agrees with General Harrington that "incidents" should be avoided. If the former has no knowledge of the Treaty of Sevres and is at all curious he may learn something about it by getting far enough into the territory which the document "created."

The first all-steel bombing aeroplane in the world has been successfully flown in England. It has a flying range of over one thousand miles. An aerial fighter that cannot be set on fire drives another nail into the coffin of the giant battleship.

It is suggested that another international conference will be called in a few weeks in order to talk over the whole question of reparations and inter-Allied debts. It never can be said that there is nothing to "chew on" in a subject of this kind.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed for the return of MSS. submitted to the Editor.

SEGREGATION.

To the Editor.—Are we doing justice to the Chinese or to ourselves by the present method of segregation? The Chinese have many admirable qualities which are apt to be lost sight of in the eager search for possible evils. They are not asking favors—all they ask is a square deal or treatment such as we should expect under the same circumstances. It is the underlying motive that counts. Our attitude towards the question shows the height of our ideals and the breadth of our vision—whether we are working for present material gain, or whether we are laying for ourselves and future generations, foundations upon which shall be built the nobler truer qualities of life. When we are helping others in the highest sense we are most truly helping ourselves.

The words of Booker T. Washington, founder of an institute for boys of his own race, are well worth quoting. In speaking of the fine spirit shown by the boys of one colored race to those of another, he says: "I have often wondered if there was a white institution in this country whose students would have welcomed the incoming of more than one hundred companions of another race in the cordial way that these black students at Hampton welcomed the new ones. How often have I wanted to say to white students that they lift themselves up in proportion as they help to lift others."

September 26, 1922.

SOVIET EXILES INTELLECTUALS

But End of Bolshevism Coming, Says Professor

Change Not More Than Three Years Away

Riga, Sept. 27.—Russian intellectuals have arrived here from Moscow with their families. Twenty-five persons are in the party. Another party, numbering eighty-four, is being sent from Moscow to Petrograd, where the persons will be placed on board a ship and sent away. These expelled include several noted professors and authors and the former Provisional Government's Minister of Agriculture, M. Poshekhonoff. The passports are endorsed in Russian and French, "Expelled from Soviet Russia."

A Socialist professor among the party arriving here said the expulsions represented the hopeless endeavor of the Bolsheviks to retard the inevitable gradual development of a new and powerful bourgeoisie which in the course of two or three years would bring about the final collapse of the present rulers in Russia. He added that the growing mystic religious feeling among the peasants and intellectuals undoubtedly was becoming a serious factor. While the leading co-operationists and intellectuals were being exiled abroad, the professor said, persons of less importance were being banished to remote parts of Russia.

\$8,000 WAS HAUL OF BANK ROBBERS

(Continued from page 1.)

beries in prairie towns have been conducted by gangs of crooks operating from the United States who are engaged in international bootlegging. All bank branches which have been robbed have been in towns within easy motor distance of the boundary, and with wires cut and two or three hours start in powerful cars the bandits have been able so far to keep clear of pursuit. Moosomin is about eighty miles north of the border, the farthest north point robbed in the recent series.

The bank at Moosomin was badly wrecked and the vault split wide open.

Trains Delayed.

Three trains were held at Moosomin station while the bandits worked on the safe within a stone's throw of the depot. Passengers wondered at the delay but were ignorant of the dramatic events until the night telegrapher, John Macdonald, returned to the station and one of the train crews cut his bonds.

Macdonald witnessed the robbery. When the gang entered the town in two automobiles they drove straight to the station, seized Macdonald, bound his hands, cut the wires and went straight to the bank, forcing Macdonald to accompany them.

Across Border.

Five men worked inside the bank and at least three were on the outside and it is believed that 30 drivers remained with the big cars that carried the bandit crew into Moosomin and later carried them over the Manitoba border at furious speed. It is believed the cars turned south at some place in Manitoba and headed straight for the international boundary.

Regina, Sept. 27.—Urging citizens of small towns within easy distance of the international border to organize vigilance committees, C. W. Chesterton, superintendent of the Bank of Montreal, in an interview to-day declared that such action will have to be taken at once if a stop is to be put to the "looting" of banks by gangs from across the line.

Vigilance committees have already been organized in many of the towns along the Souris line of the Canadian Pacific Railway.

COUNTER-BALANCE FOR INTRIGUE

London Times Comments on U. S. Support of Allies

Moscow and Berlin Schemers Advising Kemal

London, Sept. 27.—Secretary of State Hughes' formal assertion of the American policy toward the Turkish problem was received here so late as to preclude comment in this morning's newspapers, although The Times in its late edition inserted the following sentence in its editorial on the Near East: "Knownledge that the Allied policy has the approval of the United States may presently help to counteract the intrigue of the European advisers of the Kemalists, whether in Moscow or Berlin."

The Hughes statement itself was published by all the papers, but in many instances without special prominence.

Hopeful.

Pending definite news of the Kemalists reply to the Allied note, many of the papers view the situation calmly, expecting Mustapha Kemal to comply with the representations which both the British and French commanders have sent him and recall his troops from the neutral zone. The Times, however, admits that the situation is "critical enough to mitigate optimism." In some quarters here Mustapha Kemal Pasha is credited with favoring moderation, and a policy of non-interference as to his personal attitude but as to that of the extremists in the Nationalist Cabinet.

INTERNATIONALE SENDS MESSAGE

Moscow, Sept. 27.—Upon the heels of the Russian Soviet note to the Entente and Balkan States on the Near East situation, the Third Internationale has addressed an appeal to the workers of the world, urging them to do everything in their power to prevent the European imperialists, as the appeal expresses it, from taking up arms and plunging South-eastern Europe into a new and far-reaching war.

The Turkish soldiers, inspired by the victories of the Red armies, continue the appeal, have overthrown the Allied designs for the enslavement of the Turkish peoples. The appeal asserts that English imperialism threatens the world with a new war, involving all the Balkan countries.

BRITISH ARE NOT RECRUITING GREEKS

Rumor Is Contradicted by Gen. Harrington

Turks Now Talk of Closing the Straits

Constantinople, Sept. 27.—General Harrington, the British commander, has issued a contradiction of a rumor circulated in Turkish circles to the effect that the British are recruiting Greeks and Armenians to fight the Turkish Nationalists. This rumor, says the general, is characteristic of the "mischievous" disaffected elements who are putting such statements in circulation in order to sow discord.

Nationalist circles are attempting to justify the reported intention of Mustapha Kemal to demand the suspension of Allied reinforcements. They declare he has the power to close the straits entirely and thus bring pressure on the Allies, and that in the event of the failure of the peace conferences to agree, he would lose his only effective weapon over the Allies to hold the straits in strength.

25,000 WELSH MINERS ARE IDLE

Coal Industry There in Unsatisfactory Condition

London, Sept. 27.—The failure of the South Wales coal mine owners and miners' representatives to reach a settlement in the dispute over the demand for an increase in wages to the lower paid men among the miners and the fact that between 25,000 and 30,000 men are wholly unemployed there are accentuating the public interest in the critical situation in the South Wales coal field.

The position is aggravated by the collapse of the coal miners' strike and the railway shopmen's strike in the United States. An official of the South Wales Miners' Federation states that although some contracts have been made to the end of the year, there is no hope of recovering the former prosperity. He says the industry is seriously over-manned and many men will never again be employed there.

COAL MINERS HAVE LEAN TIMES

Some in Tennessee and Kentucky Short of Food

Knoxville, Ky., Sept. 27.—Reports of actual starvation conditions among miners of Tennessee and Kentucky fields were confirmed by the district office of the United Mine Workers here to-day.

Conditions in the Harlan, Ky., field are described as "terrible" by Edward Reed, union district secretary. Miners have worked but one day a week since the settlement of the coal strike, according to the statement, which blames the railroads for existing conditions, saying that the car shortage and lack of motive power is responsible for minimum production.

VICTORIA GIRL MISSIONARY WED

Miss Margaret Straith Married to Methodist Lecturer at Peitaho

A missionary wedding of much interest to a wide circle of friends in Victoria took place at Peitaho, China, on August 30, when Miss Margaret Straith, daughter of the late Rev. Peter Straith and Mrs. Janet Straith, of Moss Street, Victoria, was united in marriage with Mr. Glen Vincent Fuller, son of the Rev. Mr. Fuller of Cleveland, Ohio, and a graduate of the State of Ohio. The bride was designated for medical mission work in China at a special service at the First Presbyterian Church in March, 1921, and left in the Fall of last year to take up her new duties at the Presbyterian Mission at Shanghai. Her husband is lecturer at the Methodist Mission College in Tientsin, China, and Mr. and Mrs. Fuller will work together in connection with the college.

The Shanghai Mercury of September 4 contains the following account of the wedding:

"Miss Margaret Meldrum Straith was married on the 30th ultimo to Glen Vincent Fuller, of the Methodist Episcopal Mission.

The wedding was a very quiet one, being witnessed only by the bride's and bridegroom's most intimate friends. The ceremony took place on the porch of the Rev. and Mrs. A. Thompson's Summer residence at Rocky Point, the porch being decorated with foliage and flowers, and the bride and bridegroom standing under an arch of pine boughs.

The bride was given away by the Rev. J. R. Menzies, wore a gown of broad white tulle and carried a bouquet of white flowers. The bridesmaid, Miss Violet Baty, of the Canadian Presbyterian Mission, wore a gown of pale pink orphee and white lace.

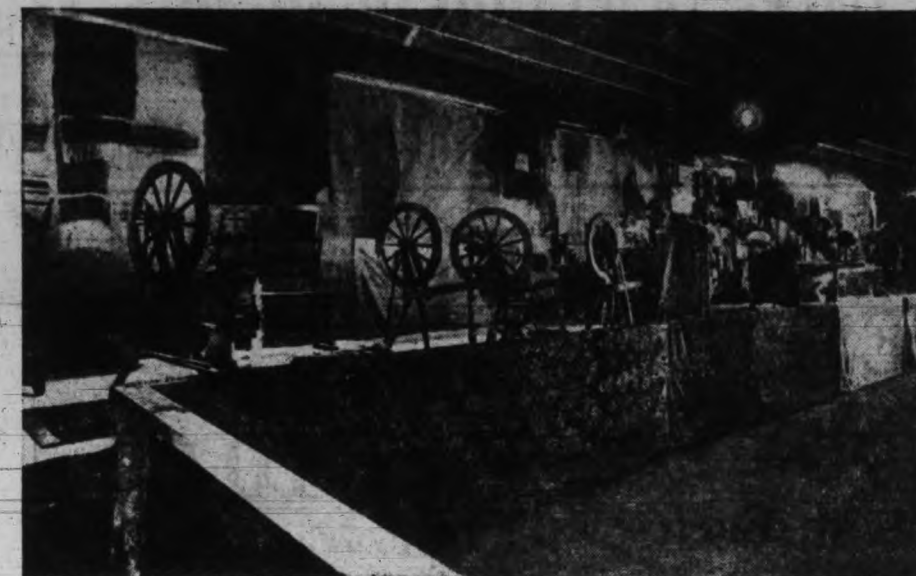

The Rev. J. R. Menzies officiated, and the duties of best man were performed by the Rev. M. O. Stevenson, of the American Presbyterian Mission, Peitaho.

On the arrival of the bride, Lo-heng's Wedding March was played by Mrs. M. O. Stevenson and at the end of the ceremony "O Perfect Love" was sung by Miss Joyce Walker, of Tientsin.

Following the ceremony a wedding breakfast was served, after which Mr. and Mrs. Fuller left for Peitaho, leaving their honeymoon for Tientsin, Peking and the Western Tientsin. The bride travelled in a suit of navy-tulle, trimmed with navy-satin, and wore a hat to match.

Mr. and Mrs. Fuller will make their future home in Tientsin.

Women's Handicraft Exhibit and Woolen Products at Fall Fair

The above photograph shows the very excellent exhibit of woolen and woven articles and equipment prepared for the Fall fair by Mrs. Dennis Harris and the able women who have been associated with her in her untiring efforts to demonstrate the possibilities of the woolen industry on Vancouver Island. This "cottage industry" has grown amazingly since Mrs. Harris first mooted the idea and the many beautiful articles exhibited conclusively proved that her faith in Vancouver Island wool has been more than justified.

Social & Personal

Mr. and Mrs. Hartley Dunsford, of Waseley, Sask., are the guests of their parents, Mr. and Mrs. C. R. Dunsford, Pakington Street.

Messrs. Balfour Straith and Arthur Webster, two well-known local athletes, left on Sunday for Portland, where they will take up their studies at the Portland Dental College.

Mr. and Mrs. A. Howard-Gibson are receiving congratulations upon the birth of a son at St. Joseph's Hospital on September 25.

Inspector Shorboham, of the Royal Canadian Mounted Police, returned to the city to-day from Vancouver, where he has been in command during the absence of Assistant Commissioner Wroughton.

Mr. and Mrs. J. M. Savage left last evening for an extended visit to Montreal. On Monday evening Mr. Savage entertained at dinner in honor of Mr. E. W. Beatty and Sir Augustus Nanton.

Announcement is made of the marriage of Dr. D. B. Holden and Mrs. F. C. Holden, which took place quietly on Thursday, September 21, at the home of Mrs. Dugald Gillespie, 1965 Moss Street, the Rev. Dr. Campbell officiating.

Mr. and Mrs. W. J. Scott have sold their former home, 3309 Tennyson Avenue, to Mr. R. L. Carter, and have moved to their new residence, 1329 George Street.

Mr. Lowder, Sr., and Major and Mrs. H. G. Lowder, who have been spending a year's furlough in Victoria, accompanied by their children, are leaving for their home in England, on Thursday, on the Empress of Australia.

When she opened it there she found a beautiful gold ring set with a ruby, a ring she knew must belong to the King.

This ring the King had lost, and although he had ordered his servants to hunt high and low, no one had thought of looking in the kitchen nor had the others do their work and received the reward.

Dora quickly ran upstairs to the King's apartments, where she told one of his servants what she had found, and the King, who happened to hear her, asked for Dora to be brought before him.

"The ring must have been stolen and hidden in the pot," said the King when he heard her story, "and to reward you for your honesty and for your good work in making the kitchen so clean in the kitchen I shall appoint you inspector of my kitchen, and all you will have to do is watch out that others do their work and keep things bright and clean."

When Tilda heard of the good fortune of course she grumbled and thought it hard that she still had to scrub, never thinking that if she had done her work as she should she would have found the ring and received the reward.

Every one may not find a King's ring, but those who do all of their work well and a little more are sure to be rewarded in some way. So, like Dora, do a little more than the task that is set for you to do, and don't shirk.

place where the cook can't find me and give me more work to do." So off she went while Dora scoured and made things bright and clean, singing as she worked.

Now it happened that Tilda had not done all of her work, for instead of cleaning a big brass pot that the cook had told her to get from the top shelf, making it ready for cooking the King's supper, she had only taken it from the shelf and put it under the table in the kitchen without even removing the cover.

When the last pan was cleaned Dora spied the pot that Tilda had neglected. "I will clean that, too. One more will not matter, and then the cook will not scold Tilda. I had rather do it than hear her scold."

When Dora removed the cover she saw on the bottom of the pot a bit of crumpled paper and when she picked it up she was surprised to find there was something wrapped inside, and

Mrs. Ernest A. Leigh, of San Francisco, has arrived in Victoria and is visiting her niece, Mrs. George Simpson, 559 Niagara Street.

Mrs. James Irvine, Vancouver, arrived in the city on Monday on a visit to her daughter, Mrs. E. A. Greenwood, Hilda Street.

Mrs. Ernest Greenwood, Hilda St., held her post-nuptial reception yesterday afternoon and was assisted in receiving her many friends by her mother, Mrs. Irvine, of Vancouver, and by Mrs. A. E. Greenwood, in the reception rooms, pink chrysanthemums and roses combined with Autumn foliage were attractively arranged, the tea table being presided over by Mrs. Cusack, Mrs. Paterson, Mrs. Litchfield and Mrs. Cudlip.

A quiet wedding took place this morning at 9 o'clock, at the home of the bride, when the Reverend Mr. McKinnon united in marriage Margaret Best, youngest daughter of Mr. and Mrs. Alec Sibbald, 1143 Topaz Ave., and Mr. Thomas Richard Berry, youngest son of Mr. and Mrs. Berry, of Tennyson Avenue.

The bride, who was given in marriage by her father, looked very smart in a brown broadcloth suit with hat to match, carrying a shower bouquet of Ophelia roses and greenery, while the bridesmaid, Miss Mary Sibbald, was becomingly dressed in a brown crepe de chine frock with hat to match and carried a shower bouquet of pale pink carnations. The groom was supported by Mr. Edward Redford. Following the marriage service a wedding breakfast was served, at which a color scheme of pink and white was effectively carried out. Mr. and Mrs. Berry left on the "Prince Rupert" at 11 o'clock for a trip to Seattle and Portland, and their return will reside in Victoria on Scott Street.

Knowing when to talk is even better than when to how.

WOMEN WANT JANET CANUCK AS SENATOR

Alberta W.C.T.U. Urges That Woman Judge Get First Vacancy

Although no woman can be appointed to the Canadian Senate until such time as the British North America Act is amended, the Provincial W. C. T. U. of Alberta at its tenth annual convention in Calgary again endorsed Judge Emily Murphy ("Janet Canuck") as a candidate for a seat.

The resolution to that effect stated that the convention approved the appointment as soon as the next vacancy should occur.

Several of the delegates spoke to this motion, expressing the belief that a woman who had had the wide experience of Judge Murphy and who is so in sympathy with the temperance movement, would greatly forward the cause of prohibition. As the outcome of Mrs. Murphy's address, the convention passed another resolution urging upon the provincial government the necessity of passing at its next session a provincial drug act along the lines suggested by Mrs. Murphy.

A book dealing with the drug traffic in Canada has just been published by Mrs. Murphy under the title of "The Black Candle."

Knowing when to talk is even better than when to how.

Sabre paused on the threshold. He perfectly well understood the villainous implication. Vill. intolerable! But of what service to take it up? To hear Twynning's laugh and his "My dear old chap, as if I should think such a thing!" He passed into his room. The thought he had had which had arrested his anger at Mr. Fortune's hints, revealing this incident in another light, was, "They want to get rid of me."

In August, the anniversary month of the war, he again offered himself for enlistment and was again rejected, but this time after a longer scrutiny, the standard was not at its best height of perfection. Earnshaw, Colonel Rattray, all the remnants of his former friends, were gone to the front. Sabre submitted himself through the ordinary channels and this time received what Twynning had called his "paper." He did not show it to Twynning, nor mention either to him or to Mr. Fortune that he had tried again. "Again! most creditable of you, my dear Sabre." "Again, have you thought? By Jove, that's right thing by you. Did they give you a paper this time, old man?" "No, not much. Feeling as he felt about the war, actually aware as he was of the partner's interest in the matter, that he felt, could not be borne."

But on this occasion he told Mabel. The war had not altered his relations with Mabel. He had had the feeling that it ought to bring them closer together, to make her more susceptible to his attempts to do the right thing by her. But it did not bring them closer together; the accumulating months, the imperceptible increasing strangeness and tension and high pitch of the war atmosphere increased, rather, her susceptibility to those characteristics of his which were most impossible to her. He felt things with draught too deep and with bitterness too capacious for the navigability of her mind; and here was an ever-present thing, this (in her phrase) most unsettling war,

which must be taken (in her view) on a high, brisk note that was as impossible to him as was his own attitude towards the war to her. The effect of the war, in this result, was but to sunder them on a new dimension; whereas formerly he had learned not to join with her on subjects his feelings about which he had been taught to shrink from exposing before her, now the world contained but one subject; there was no choice and there was no upshot but clash of incompatibility. His feelings were daily forced to the ordeal; his ideas daily exasperated her. The path he had set himself was not to mind her abuse of his feelings, and he tried with some success not to mind; but (in his own expression, brooding in his mind's solitude) they riled her and he had nothing else to offer her; they riled her and he had set himself not to rile her. It was like desiring to ease a querulous invalid and having in the dispensary but a single—and a detested—palliative.

Things were not better; they were worse. But he made his efforts. The matter of telling her (when he tried in August) that he thought he ought to join the Army was one, and it came nearest to establishing pleasant relations. That it revealed a profound difference of sensibility was nothing. He blamed himself for causing that side to appear.

"That is the true cocoa color."

It's Baker's Cocoa

THE problem in making cocoa is to preserve the natural flavor, aroma and color of good cocoa beans; to eliminate the excess of fat, so that the cocoa may be easily digested by the most delicate stomach, yet not to take out too much and materially impair its nutritive quality.

By the exercise of great care in the selection and blending of beans, and by the employment of the most highly developed machinery and processes of manufacture we believe that we have solved this problem and produced a

Pickpocket Escapes.—While awaiting
the arrival of Douglas Fairbanks
and Mary Pickford yesterday J. Dan-
senville removed his gaze for a mo-
ment to see a young man sliding
away through the crowds in a furtive
manner. Thinking some moments
before, that he felt a touch at his
pockets, Mr. Dansenville investigated
and found the touch of the light-
fingered one had removed \$17 and a
gold ring.

Benefit Concert.—A splendid pro-
gramme has been arranged for the
benefit concert which is being held
under the auspices of the Good Cheer
club of Colfax Rebeccah Lodge in the
I. O. O. F. Hall on Thursday even-
ing. The following artists have
kindly consented to take part: Vocal-
ists, Mrs. P. Edmunds, Mrs. Kelley,
Mrs. W. D. Todd, Miss Stella Bur-
ton, Messrs. George Guy, G. Gray,
John Dobbie, A. W. Bayliss, John
McCall, elocutionist, Miss Ella
Fottinger and Mr. R. A. Ritchie, in-
strumentalists. Mrs. Ronald Heard
and Mr. Jack Pullen, conjurer, Mr.
Harold Dignon. The programme will
commence at 8.15, and as the pro-
ceeds are to be devoted to relief work
a large attendance is hoped for.

NEWS IN BRIEF

Close School.—The Oaklands
School has been temporarily closed
on account of a slight outbreak of
illness among the pupils.

Seaside Federation of P. T. A.—All
branches of the Seaside Federation
of Parent-Teachers' Associations are
requested to be present at the an-
nual meeting held in Tolmie School
on Thursday at 8 o'clock.

Firemen's Dance.—The weekly
dance of the Firemen's Recreation
Club will be held this evening in the
headquarters hall, dancing to com-
mence at 8.30 o'clock. Hunt's or-
chestra will supply the music.

St. Jude's Social Guild.—St. Jude's
Social Guild will hold a meeting in
the church at 2.30 p. m. on Thursday,
September 28. At this meeting plans
will be made for the Winter's work.
Tea will be served, and new members
welcomed.

Annual Meeting.—The annual
meeting of the Seaside Federation
of Parent-Teachers' Association will
be held in Tolmie School, on Thurs-
day, Sept. 28 at eight o'clock. All
delegates are requested to be pres-
ent.

To Meet To-morrow.—The W. C.
T. U. Central will hold its monthly
parlor meeting to-morrow afternoon
in its rooms in the Y.W.C.A. at three
o'clock. The delegates that attended
the provincial W.C.T.U. convention
at Chilliwack will read their report.
All members are requested to attend.

Rummage Sale.—Court Maple
Leaf, A. O. F. is planning to hold a
rummage sale in the premises at 855
Johnson Street on Saturday at 10
o'clock. Donations from members
and friends will be welcomed and
may be left at the store on Friday
afternoon or at the Foresters' Hall
on any afternoon between one and
four o'clock.

St. Andrew's Social Gathering.—
The Session, Board of Management
and Ladies' Aid Society of the St.
Andrew's Presbyterian church will
be "At Home" to the members and
adherents of the congregation to-
night in the lecture room of the
church. A good musical programme
is being arranged, after which there
will be a social time and refresh-
ments.

Meeting To-Night.—A meeting of
delegates from the various ex-service
associations in Victoria will be held
in the rooms of the Canadian Legion
this evening at 8 o'clock. This meet-
ing has been called for the purpose
of making the necessary arrange-
ments to have Armistice Day effec-
tively celebrated in Victoria on Novem-
ber 11, and to seek the co-operation
of all responsible bodies in this regard.

Absorbing Machine Gunners.—
About twenty other ranks of No. 11
Company R. C. M. G. Brigade, sta-
tioned at Work Point Barracks, leave
for Winnipeg to-day under Capt.
Underwood. The remainder of the
company has been transferred to the
Princess Patricia here, and it is an-
ticipated that the N. C. O.'s and men
will join the Princess Patricia upon
their arrival in Winnipeg.

Lady Douglas Chapter.—At the
meeting of the Lady Douglas Chap-
ter, I. O. D. E. yesterday afternoon
Mrs. Suddaby, educational secretary,
gave an interesting report on second-
ary education and it was decided to
ask Miss J. B. Cooke to address
the next meeting. Mrs. Nickerson
was appointed convener of the sol-
diers' graves committee. A letter of
commendation for the gift of heater
sent by the Chapter on Heather Day.
Mrs. McKicking presided at the meet-
ing. Several new members were
welcomed, and three applications for
membership were received.

Tale of Three Soldiers.—Three
United States soldiers formerly in
camp at American Lake and who
paid a visit to Victoria, gave sug-
gestive reports of the city and its
surroundings that at least one
American has now become a per-
manent resident of the city as a re-
sult. Ellis S. Bashore, of Wash-
ington, D. C. arrived here Monday,
and Mr. Bashore, who was in the Ameri-
can army, will become a citizen of
Canada. Following the reports which
he heard of Victoria, he communi-
cated with the Victoria and Island
Publicity Bureau, and was offered
every facility in gaining information
about his future home.

Applied Psychology.—The officers
and executive committee of the
Universal Fellowship of Applied
Psychology wish to notify the mem-
bers of the Society that the first
regular meeting of the Fall season
will take place on Wednesday even-
ing, September 27, in the Club Room,
Campbell Building. The meeting will
commence at 8 o'clock sharp. The
subject will be the "Sub-Conscious
Mind." Mrs. Williams will be the
chairman and Dr. Barker, speaker of
the evening. It is anticipated that a
large attendance of members and
their friends will attend the opening
Fall meeting.

Jury Awards Damages.—In a judg-
ment given in the County Court yester-
day by His Honor Judge Lamp-
man damages to the extent of the
claim, \$1,000, were awarded by a
special jury to Andrew Milligan,
plaintiff in the action of Milligan
versus the B. C. Electric Railway
Company. The suit was one for re-
covery of damages sustained to a
car that was in collision with a street
car in the James Bay section some
months ago. Two elderly ladies,
passengers in the car at the time
have since died. H. A. Maclean, K. C.,
acted for the plaintiff, and H. B.
Robertson, K. C., for the defendant
company.

**NEW INDUSTRY IS
QUITE POSSIBLE**
Splendid Showing of Home-
spun and Manufactured
Goods
What promises to be a growing in-
dustry for Victoria, if properly
handled, is the manufacture of home-
spun tweeds. This can very easily
be done from raw materials obtained
on Vancouver Island, Messrs. Fyvie
Brothers, of 909 Government Street,
informed The Times this morning
when calling attention to a splendid
display of goods displayed in the
firm's windows.
The materials displayed were
woven by W. H. Cochrane, of Con-
stance Avenue, on the old-fashioned
Scottish loom and the patterns are
exceedingly attractive. Some of the
yarn used in the materials displayed
was spun by Mrs. J. M. Henderson
and some by Mr. Cochrane. While
these materials have been woven in
Victoria and Vancouver Island before,
experimentally, the display in Fyvie
Brothers' window again emphasizes
the possibilities of building up the
industry here.

Anyone can order whatever pat-
tern he selects, and it can be made
up right in Victoria. There is no
limit to the patterns that can be
chosen, and some of the herring-bone
patterns displayed are very attrac-
tive. The tweeds are what are
known as Dandy Dinmont, and they
are made from wool produced on
Vancouver Island.
The window display of these locally
manufactured goods is causing a
considerable amount of interest.
Materials can be obtained for all
purposes, but those on view are par-
ticularly adapted to sports suitings
and similar designs.
**Conservatives to
Organize Wards**
Victoria Conservatives will or-
ganize by wards next week under the
reunited Liberal-Conservative Asso-
ciation which is backing Mr. Rowser
now that he has been re-elected
leader of the Provincial party, Gus
Lyons, president, announced to-day.
Conservatives of Wards Two and
Five will meet on Monday, Wards
Three and Four on Thursday, and
Ward One on Friday, at Conserva-
tive headquarters, Campbell Build-
ing.
Each ward will elect four repre-
sentatives to the central executive
committee. "With a chairman and secretary, who are ex-
office members, this will give each
ward a representation of six mem-
bers. In addition, of course, they
will elect their own executive."

**TO ALTER CITY
TAX PENALTIES**
One Per Cent. Per Month Is
New Penalty Contained
in Private Bill
City Plans Complete Control
Over Outside Land Served
by Sewers
Drastic changes in the present
system of levying penalties for the
non-payment of taxes are provided
for in the city's private bill, a pre-
liminary draft of which was com-
pleted by City Solicitor H. S. P.
to-day. Under this bill taxes
will be collected in monthly instal-
ments and the penalty for non-pay-
ment will be one per cent. per month
from the payment date to the end
of the current year. After that a
penalty of eight per cent. per year
will be levied on the accumulated un-
paid taxes. If current taxes are paid
by June 30 of the current year, how-
ever, no penalties will be exacted.
The present tax penalty will be can-
celled.
Another section of the private bill
gives the Council the retroactive
power to "make, alter or repeal by-
laws for charging owners of land,
and the land itself, outside of bound-
aries of the City with sewer ren-
tals where such land is connected
with any sewer owned, operated or
controlled by the city, or by the city
in conjunction with other municipal-
ities and for collecting and recover-
ing the same from the owner or oc-
cupier of the lands charged to the
same extent as if the said lands were
within the city boundaries."
Tax Sale Prices.
Under another provision the upset
price of all lands offered for sale at
a tax sale shall include all future
instalments of consolidated arrears
charged on these lands.
The Council is given power in an-
other section of the private bill to
"regulate by by-law building lines
and the distance of same from any
street in the construction of any or
all buildings."
The private bill gives the Council
power to tax private hospitals, bill-
boards and hoaxes.
Tax Rental Values.
The Council's decision to tax ren-
tal values is embodied in legislation
which will enable the Council to as-
sess rental values for a number of
taxation, and to levy taxes thereon
according to assessed value, such tax
not to exceed ten per cent. of the
rental value, and not to be appli-
cable to premises used solely for resi-
dence purposes.
The Council also takes power to
collect an amusement tax equal to
that now levied by the Provincial
Government.

**LIQUOR OFFICIALS
HONOR FALCONER**
Representatives of employees of
the British Columbia Liquor Con-
trol Board surprised James H. Fal-
coner, commissioner of the board, by
visiting his home and presenting him
with a fine gold chain as a mark of
esteem in which is held by the
personnel of the organization under
him. The occasion was Commissioner
Falconer's fifth birthday.
The commissioner addressed the
delegation of employees and ex-
pressed his appreciation of the gift
and of the loyal support and service
they have given him in the work of
making a success of the new liquor
system.
Commissioner Falconer was born
in Scotland. He lived in Toronto for
some years before coming to British
Columbia in 1920. Before he took up
liquor control work he was a manu-
facturer of pickles and vinegars in
Victoria and Vancouver. He was
president of the Manufacturers' Asso-
ciation of B. C., St. Andrew's and
Caledonian Society, Grandview Cham-
ber of Commerce and Vancouver Lib-
eral Association. He is also a leader
in the Vancouver Board of Trade,
the Kiwanis Club and the Masonic
craft.
As new liquor vendors Commissioner
Falconer has appointed D. W. Keils
at Langley Prairie and A. C. H. La-
pierre at Merritt. H. Tidy has retired
from the liquor work at Keremeos.

**"GRANDMA'S BOY"
A GREAT COMEDY**

As the guest of Manager Robertson
of the Capitol and Dominion
Theatres a large party composed of
members of the Rotary, Kiwanis,
Gyros, Publicity Bureau, press and
businessmen of the city enjoyed a
complimentary showing of the now
famed comedy "Grandma's Boy," the
latest screen production in which
Harold Lloyd is starred, at the
Dominion Theatre to-day.
The offering is by all means the
greatest laugh producer yet shown
with Lloyd in the principal role.
Everything about the story is clean
and amusing and when the play is
screened in, due course, Victoria
theatregoers will witness something
that is well worth going to see.
"Grandma's Boy" is the greatest
thing Harold Lloyd has ever done
and the film has made a great hit
wherever shown in the East.
There is a great moral to the play
calculated to teach the lesson that
men are only cowards and failures
if they think they are. The boy's
"Grannie" plays a little trick on him
which results happily in a very
changed condition of affairs much to
the surprise of the bully rival and
the gratification of the hero's
friends.
The story is too good to spoil by
telling before it can be seen and
audience this morning was deeply
grateful to Mr. Robertson for the
splendid entertainment. From first
to last the play was extremely
amusing, touched with just sufficient
pathos to add to the zest of the
situation.

FOR GOOD ROADS
Publicity Bureau Will Be Repre-
sented at Convention.

The Victoria and Island Publicity
Bureau will be represented at the
Kamloops convention of the B. C.
Good Roads League, October 2 and
3, by Major Cuthbert Holmes, one
of the directors of the bureau, who
has consented to place the repre-
sentations of the Bureau before the
meeting.
The Bureau will press for greater
attention to roads on Vancouver
Island and particularly the Island
Highway and other main roads.
TRADE COMMISSIONERS
Two Canadian Trade Commission-
ers, Dr. J. W. Ross, of Shanghai, and
Major Gordon E. Johnson, of Glas-
gow, are at present in Canada en-
gaged in a business tour through-
out the Dominion with a view to
studying business conditions and in-
terviewing manufacturers and im-
porters interested in the trade of their
respective markets.
Dr. Ross is due on the Coast about

"VICTORIA'S ZOO."
The saying that it takes a stranger
to discover the real attractions of a
city is born out by an article in the
April "Western Story Magazine,"
which finds a zoological garden in
Victoria and credits that institution
with giving away rare silver tip
grizzly bears in exchange for a few
elk and such like specimens of the
American wilds. "The item says:
"The park commissioners of Seat-
tle, Washington, recently received
from British Columbia a pair of bear-
grizzlies, of which they are very proud;
in fact very few zoos in the world have
specimens of them. In exchange for
two grizzlies the Woodland Park
Zoo is sending to the zoo at Victoria
some deer, elk, moose and buffalo, of
which it had an abundance. The
grizzlies, two cougars, three lynxes,
and two young tigers."
During the past year the Wood-
land Zoo was the recipient of many
wild animals from tourists and
business persons from Alaska.
They now have a group of seven
polar bears, which are one of the
main attractions of the zoo; eleven
grizzly bears, of which the field of
kangaroos and foxes, ranging
from the smallest to the giant stand-
ing four feet five inches. These ani-
mals are from Australia, and num-
ber twenty-four pairs.

NEWS of SPORTS

Homerun Record Is Broken In Majors

Nine Circuit Blows Were Hit Yesterday, Bringing Season's Total Up to 1,028, Nearly One Hundred Ahead of Mark Reached Last Year; Art Nehf's Return to Form Relieves McGraw of Much Worry Over Coming Series

New York, Sept. 27.—Free from pennant worries after one of the most strenuous campaigns in their career, the Giants wound up the battle against western opposition by taking the final game of the series from St. Louis 6-3. It was the third defeat in four games for St. Louis and put them in fourth place, while Cincinnati by beating Philadelphia 15-8, went into third position.

Indications that Nehf has practically recovered from the effects of an injury to his foot which checked his effectiveness earlier in the season was regarded as an important factor in the Giants' world series chances.

The Yankees, within a game of clinching the American League title, hoped to settle the race beyond all doubt by winning from Boston tomorrow in the first of a three-game series with the Red Sox.

Nine home runs in the three National games played yesterday brought the season's total for both leagues to 1,028, close to one hundred more than last year's record of 937 home runs.

New York, Sept. 27.—Since 1905, when the former National Baseball Commission was created, a post-season series has been held between the teams which won the championships of their respective leagues, resulting in ten victories for the American and seven for the National.

Whether this world's series supremacy denoted a better brand of baseball playing in the younger league has been debated every winter in the Old Stove League with facts dug from the record books to prove and disprove the same assertions, and as former Vice-President "Tom" Marshall used to say, "with the same result and no casualties."

Red Sox Wins Most. As fantastic as it appears in print the Boston Red Sox, rivals of all who are dependent, hold the palm for world's series honors, being the only club that has won the highest prize in baseball four times, and one of the three in the annals of the classic that have won it two times in succession.

And more fantastic, so it seems to the fans of "Sleepy Town," the Philadelphia Athletics, cellar champions for seven years, and the Boston Americans, losing disputant having won back in the days of "The Million Dollar Infield," three world's series, two of them in succession.

The other American League Club to humble the National League Champs twice without intermission are the Chicago White Sox, now a gilded memory of the "suspension-less" days, Cleveland with Tris Speaker speaking, is the only other club of the younger circuit to win a world's series.

All the American League Clubs except Washington and St. Louis—neither St. Louis team ever has won a pennant—have been champions of their ballclub.

In the National League five clubs, New York, Chicago, Pittsburgh, Boston and Cincinnati, have won premier honors, the first two named twice each and the last three once each. The St. Louis Cardinals, who are the only National League team that never has participated in the biggest athletic event in the country.

A peculiar incident of the world's series is that seven of the 17 times it has been played the winner took four games out of five—the best four out of seven to win; three times it has been four to two games, and only twice have the winners shut out the losers in all four, though in the 1907 series, Detroit managed to tie the game. The only other tie game was in 1912, when the Red Sox beat the Giants, winning four games to one.

A table showing world's series winners and losers with the games, won, lost and tied, follows:

Year	Winner	Lower Games
1903	N. Y. Nationals	4-1
1904	Chicago Amer.	4-1
1905	Chicago Nationals	4-1
1906	Chicago Nationals	4-1
1907	Pittsburgh Nat.	4-3
1908	Pittsburgh Amer.	4-1
1909	Philadelphia Amer.	4-1
1910	Philadelphia Amer.	4-1
1911	Philadelphia Amer.	4-1
1912	Boston Amer.	4-1
1913	Philadelphia Amer.	4-1
1914	Boston Nationals	4-1
1915	Boston Amer.	4-1
1916	Boston Amer.	4-1
1917	Chicago Amer.	4-2
1918	Chicago Amer.	4-2
1919	Cincinnati Nat.	4-3
1920	Cleveland Amer.	4-3
1921	N. Y. Nationals	4-2

S.O.E. TO MEET
A special meeting of the Sons of England Football Club will be held to-night at 8 o'clock in their club-room at the Veterans of France headquarters, Douglas Street. All interested and players desiring of signing up with the S. O. E.'s are cordially invited to attend.

PIRATES NEW MANAGER.
Pittsburg, Pa., Sept. 27.—Appointment of Wm. C. McKee as manager of the Pittsburg Nationals for the next season, was announced yesterday by President Barney Dreyfus. McKee was appointed to succeed George Gibson in mid-season.

AND OTHER ROW OVER CUP SERIES

Salmonbellies Will Not Play in Vancouver; Come to Westminster They Say

Vancouver, Sept. 27.—The row is again in the air. There will be no lacrosse game at Athletic Park to-night as announced. If there is the Greenhairs will be playing by themselves for their playmates, the Salmonbellies, will not be on hand to furnish the opposition. The battered and broken Royal City athletes got together on Saturday night following their trip on the tobbogan on Fifth Avenue way earlier on that day, and swore by all that is holy that they would come to Athletic Park no more this season.

They claim that they have already won the silverware; to wit, the Minto Cup, emblematic of the championship of Western Canada. They work it out this way. When Jack Pattison refused to lead his stalwarts against them when the bust-up took place the middle of the season, that game should have been forfeited to them. No claim of this kind was made when the count stood eight games to four in their favor, for it seemed almost a certainty that there would be little chance of the Terminals making a comeback.

But the unexpected has happened, and now comes the talk of a forfeited game. In other words the Greenhairs who have been turning out and rooting for the Greenhairs on the assumption that their favorites still had a chance to win the pennant were deceived.

Salmonbellies Not Pleased. But the Salmonbellies have agreed to take on the Greenhairs on Saturday night at the Royal City, despite the fact that the game was slated to take place here, according to the arrangement at the first of the season. One game was transferred to the Royal City while the fair was on to furnish the exhibition crowd with sport. It was assumed that two games would be played in a row in this city. So it is a case of "take that or nothing" with the Greenhairs.

GIBSON WAS BEST CRICKETER OF YEAR

Garrison Player Compiled High Average as Batsman; Goward Best Bowler

Gunner Gibson, of the Garrison, won the batting honors in the Victoria and District Cricket League, according to the averages just compiled. Gibson far outclassed all other cricketers in batting, and as a bowler was seventh in the list. Gibson, it will be recalled, was the man who was dropped from the Victoria team which played Vancouver. The averages just published, however, seem to show that Gibson was entitled to his place. He knocked out 494 runs in 14 innings, and was the only regular to score over 100 runs. His average was 52.77.

Second to Gibson in batting was Sparks of the Incogs, with the young bowler, Danny Edwards, negro pugilist, of Seattle, Wash.

Ring followers attached importance to the bout as marking the end of what was regarded as an unofficial ban by the State Athletic Commission on mixed contests, and pointed out that it was an entering wedge for the proposed heavyweight title match between Harry Wills, negro challenger, and Jack Dempsey, champion.

FAVORITES GET DOWN IN FRONT IN RACES

Columbus, Ohio, Sept. 27.—Favorable conditions for racing in the first of the season's three days of racing, the only upstart coming in the Ohio State Journal 13,000 stoke for 2,000 pacers, in which Peter Henley, well driven by Harry Stokes, defeated Edna Early the favorite. In the final heat of this race both Peter Henley and Edna Early broke, Walter Cox winning the heat with Tramp Safe.

Two other state events were decided yesterday. The Great Volo, a four-year-old colt in the Cox stable, won the chamber of commerce \$3,000 make for 2,000 trotters, defeating Bill Shanon by a narrow margin in each heat.

Tommy Murphy piloted Car Worthly to a straight heat victory in the Buckeye \$3,000 stake for 2,12 trotters. The race in this event was for place money, three different horses finishing second in as many heats.

Pluvanna, the favorite, won the 2,15 trot, the only class event on the card. It was announced to-night that Nedda, with Henry Fleming up, will be driven in an attempt to lower her own record of 1:59 1/2 to-morrow.

MEADOWBROOK JUST WIN

Westbury, N. Y., Sept. 27.—The Meadowbrook polo club was extended yesterday to defeat the Flamingo team, 12 goals to 10, in the second match of the international series for the Monty Waterbury cup. Conceding five goals to Flamingo under the handicap ratings, Meadowbrook did not take the lead until the seventh chukker.

The winner will meet Eastcott, the Anglo-American club, in one of the semi-finals Thursday. The other semi-final is scheduled to-morrow between the Argentine Federation four and Shelburne, victor over all-ireland in the opening match Monday.

ESPINOSA'S RAGE GIVES BATTLE

Seattle Pro Shot a 67 and Won Washington Open Title; Black Sixth

Yakima, Sept. 27.—Al Espinosa, the Ingelwood professional, is Washington's first open champion. The Yakima course record and the nerve of young Joe Novak both collapsed before the phenomenal golf of the Seattle player yesterday afternoon, and Espinosa took first honors in the open with a score of 282.

Trailing the brilliant young Spokane golfer at the start of the final round, Espinosa was a dizzy, and which Novak could not equal. Five successive threes erased the four-stroke advantage which Novak had so luckily defended all morning, and the youngster cracked wide open. Espinosa turned in a card of 67 in the final round and won as he pleased.

At 67, a record for eighteen holes in tournament play, is still the topic of discussion among the natives, who did not think it could be done. Novak was second, five strokes behind the winner. Neil Christian, Tacoma, was third with 291, while Jack Hueston, of Seattle, slipped into fourth place with 295. Earl Dean, Aberdeen, was fifth with 296, while Bon Stein and Clark Speirs, the Seattle amateurs, and Wee Willie Black, Longstaff, of Portland, ranked seventh with an even 300.

With the open event settled, the amateurs are now cleared for the amateur championship. The qualifying round of thirty-six holes opened this morning, thirty-six players to qualify.

Round Is Sensation.

Espinosa's afternoon round was easily the sensation of the tournament to date. When the challenging flock failed to catch up, or even gain on Novak in the morning eighteen, Novak's chances for victory were as rosy as the Jonathan apples which border the picturesque Yakima course. Paired with Espinosa, the Spokane boy shook off all but his opponent from Ingelwood. Both made a pair of 35s in the morning, Novak's four-stroke lead being untouched.

Stein and Speirs, who finished in a dead heat at 147, were paired at Victoria, tied again for low amateur yesterday and will play for the trophy to-day.

The final scores were as follows:
A. Espinosa, Seattle, 70-67-137-282
J. Novak, Spokane, 70-76-146-287
N. Christian, Tacoma, 73-73-146-291
J. Hueston, Seattle, 75-72-147-289
E. Dean, Aberdeen, 75-74-149-290

SCHOOL RUGBY TEAMS ARE GETTING READY

Squads This Year Will Be Much Lighter Than Was Rule Last Season.

School senior Rugby football this year has taken a heavy fall owing to the small number of big fellows attending the High Schools and private institutions. In the Victoria High School the game has become one for the small boys, and the team is, although only in the making, very light. There are few real stars left, such as Dunc McEwen, the majority of the old-timers have left school for college or have gone into business careers.

The ranks of the teams of two city leagues have been swelled by the graduates of the schools, as may be ascertained from all of their line-up. High school boys are with McGill, Toronto, Portland, Stanford, Guelph and a dozen others.

What players there are left are beginning the season with hard practices in the field. Last week saw the High School in action for the first time. They are very light. It is the same with Oak Bay and the University Military School. The teams are light, but they are game and will furnish very interesting rugby this year.

It is to be hoped that Vancouver will be in the same position as is this city, for if they are not the Thompson Cup will undoubtedly stay on the mainland.

The School League will also miss the teams from the Royal Naval College.

SISLER AND HORNSBY PLAN TO BARNSTORM

St. Louis, Mo., Sept. 27.—George Sisler, acclaimed the most valuable player in the American league, and Rogers Hornsby, who leads the National League in hits and home runs, have revealed plans to go barnstorming after the close of the season.

Sisler is organizing a team to tour the New England states while Hornsby has signed up with Milton Manchester Yacht Club, by three minutes and three seconds, over a twelve-mile triangular course. Coila III won the first race Monday.

Few Football Teams In City This Year

Six Clubs Will Play In First Division But Second Division Has Been Wiped Out Entirely; Opening Games Will Be Played On Saturday; Wests Meeting Mets and Sons of England Playing Thistles; Juniors to Organize

There will be less football in Victoria this winter than there has been for a good many years. There will be fewer teams, and the calibre of the players will be lower. This condition has been brought about through so many players leaving town. It is possible that those who have gone to the prairies will be back during the course of the season and this will give the teams a chance to strengthen up.

Another thing which has prevented a clamor of teams for berths in the various divisions is the heavy entrance and affiliation fees. A First Division team has to pay \$7.50 to enter the league and then \$10 to affiliate with the British Columbia Football Association. Each registration card for players costs 10 cents. None of the clubs are flush with money, especially in view of the cost of equipping the players with playing tools.

As a result there will be six teams in the First Division this year. The Second Division has been wiped out entirely. The Juniors will have three clubs and a fourth is expected.

Two New Entries. When the Victoria and District Football Association met last night to talk over the season's prospects it had expected additional entries for the divisions in addition to those already to hand. But only two entries came in, one from the Sons of Canada for the First Division and the other from the J. B. A. A. for the Junior Division.

This left five teams for the First Division—the Wests, the Mets, the Thistles, Sons of Canada and Sons of England. Only one club, the Crusaders, entered in the Second Division. The association decided to place the Crusaders in the First Division and suspend the Second Division.

Arrangements were made for the opening games on Saturday afternoon. Only two games will be played on extra week is to be given the Sons of Canada and Crusaders to strengthen up.

The Wests and Mets will meet at the Royal Athletic Park with Billie Pearson as referee. The Sons of England and Thistles will play at Beacon Hill with B. L. McKee in charge.

Both games will start sharply at 8 o'clock. All players must be registered before Friday night. The registration forms must be sent to Billie Clark, the secretary, at the Willows Confectionery.

The association has reached an amicable settlement in its controversy with the Referees' Association. The referees will all submit to examination by the traveling examination board of the B. C. F. A. This board will sit here over the week-end. It is expected that the schedule of the First Division will run for three months.

The schedule for the Junior League will be drawn next week. The association is looking for a fourth team to round out the league. The clubs at present entered are the Wests, Saanich Thistles and James Bay.

The Garrison this year has only one football club in local competition. Last year it had three teams, one in the First Division, one in the Second Division and one in the Wednesday League. This season the Tommies are restricting their activities to the Wednesday League.

EMPRESS BILLIARDS

The draw for the Empress billiard handicap is as follows: Olsen (r. 15) vs. Trimmer (r. 75); Chalk (r. 60) vs. H. H. (r. 75); F. White (r. 50) vs. Taylor (r. 75); F. Murre (r. 50) vs. Sale (r. 100); Henderson (r. 100) vs. Dyke (r. 100); Spencer (r. 25) vs. Austin (r. 25); Hume (r. 75) vs. A. G. Smith (r. 50); Hirst (r. 75) vs. Bainbridge (r. 75); Kelt (r. 100) vs. Knowles (r. 50); Booth (r. 100) vs. Findlay (r. 25); Grimmer (r. 25) vs. E. A. Taylor (r. 50); Jones (r. 50) vs. Lee (r. 25); Ogle (r. 25) vs. Kennedy (r. 25).

GREG ADDS ANOTHER K.O. TO HIS CREDIT

Toronto, Sept. 27.—Harry Greb, Pittsburgh light-heavyweight champion of America, knocked out Al Nichols, New York heavyweights, in the second round of a scheduled 10-round bout here last night.

Bobby Eber, Hamilton, defeated Eddie Mitchell, Chicago, in eight rounds. They are featherweights.

Dick Atkins, Toronto lightweight, won the decision over Dave Brown, New York, in six rounds.

Frank Brown, Toronto, welterweight, beat P. McCloskey, Detroit, in six rounds.

LEWIS BEAT ITALIAN
San Francisco, Sept. 27.—Ed "Strangler" Lewis, world's heavy-weight wrestling champion, defeated Renate Gardiol, Italian champion, two out of three falls here last night.

METS TEAM TO MEET
A meeting of the Metropolitan Football Club will be held to-morrow night at 8 o'clock in the Metropolitan clubrooms. All players and supporters are asked to attend.

DOMINION

Book-stores and libraries of this city report a tremendous run on "Blood and Sand" by Vicente Blanco Ibanez since it was announced that that noted novel would be seen as a Paramount picture at the Dominion Theatre all this week. The picture version is a Fred Niblo production with Rodolph Valentino in the star role. Included in the cast are Lila Lee, Nita Naldi, Walter Long, George Fighl, Rose Rosanova, Leo White, Maria Marini, Fred Becker, Charles Belcher and Gilbert Clayton.

COLUMBIA

George MacQuarrie, noted character actor who plays the role of the detective in Thomas Meighan's latest Paramount picture, "The City of Silent Men," which is the feature attraction at the Columbia Theatre again to-day for the last time, proves his versatility in this role. In a recent picture, Mr. MacQuarrie played the sympathetic part of a man who is persecuted for half of his life by a detective, and in turn, is a detective who heartlessly persecutes his quarry. Mr. Meighan plays the role of a young man who is made the foil of

AMUSEMENTS TO-DAY

Royal Victoria—"The Mikado."
Capitol—"The Siren Call."
Dominion—"Blood and Sand."
Columbia—"The City of Silent Men."

crooks, and sent to prison for a crime of which he is innocent. He escapes, and going West, builds his life anew but the detective never gives up the chase and several years later, again locates the fugitive. How he is foiled forms one of the most unusual climaxes seen in any picture.

The cast is further augmented by Lila Lee, who plays the leading feminine role, Kate Bruce, Paul Everton, Guy Oliver and others.

CAPITOL

When a motion picture director is to film a story of the wilderness, he must find actors and actresses who can be taken into wild places without looking like orchids in a vegetable garden. He has to find men and women who can shoot, ride, paddle a canoe, swim, build a campfire and cook if necessary.

In other words, he must find healthy, active, human beings, who have walked on something besides asphalt and who must be able to stand hardships and enjoy them, for there is still much photography done in the open spaces, despite the wonderful development of picture studios in the past few years.

Dorothy Dalton is one of these unusual women. She demonstrated it in "The Flame of the Yukon," "Flare Up, Sal," "The Idol of the North," and in other pictures, so when Irvin Willat sought out a woman for the leading role in his newest production, "The Siren Call," now showing at the Capitol Theatre, the part fell almost automatically to her.

This is the story of the boom in Alaska with its colorful life and the clash of strong-willed men and women where civilization's veneer is scratched in places. Miss Dalton can portray all the tempestuous dash needed for the part; she can ride a horse like a cowboy, she can handle a canoe like an Indian, she has no fear of the rushing currents of mountain streams, and she can even retain her poise among a string of Alaskan dogs that are ready to show their teeth on the slightest provocation. David Powell and Mitchell Lewis have the leading male roles.

FAMOUS MUSICIAN COMES TO RESIDE

Dr. J. E. Hodgson Is Mus. Doc. and F.R.C.O.

The coming of Dr. J. E. Hodgson, Mus. Doc., has considerably strengthened the group of many excellent musicians to be found in the Capitol city.

For the past few years Dr. Hodgson has been very busy in Western Alberta, and for a time he was Supervisor of Music in Calgary Public Schools, and Director of Music at Mount Royal College. In many of the schools in Calgary there are two special choirs, a senior and a junior, which sing difficult unison songs from opera and oratorio, and exacting two and three part music. During the Doctor's regime the Calgary Board of Trustees sent two choirs to the neighboring town of Lethbridge numbering 54 voices, both returning to their schools having won in competition two festival shields. Such musicians of the type of Dr. Vogt, of Toronto, and Tertius Noble, now of New York, have spoken in the highest terms of his work at the schools and in competition at the Alberta Music Festival.

Dr. Hodgson will be remembered as organist to the Sheffield Choir on their tour round the world about twelve years ago. He was, too, at that time assistant chorus-master to Dr. Coward, organist to the Scottish Orchestra, and Glasgow Choral Union Concerts, and held the same position with the famous Landsdowne Church in Glasgow. He is a graduate of the Durham (England) and McGill (Montreal) Universities, a Fellow of the Royal College of Organists, London, England, both being academic distinctions of note. He was an examiner in music for McGill University at Vancouver and Victoria for a number of years, and many here no doubt have already become acquainted with him. During latter years Dr. Hodgson has

worked strenuously for the development of the competitive music festivals held at Calgary, Edmonton and Lethbridge, and is a great advocate of such festivals. "Nothing increases and develops the music life of any community so much as competitive musical festivals. Some day, and not very far off either, I feel sure Victoria will have its music festival too, and how beautiful here is the 'setting' for such a festival."

MIKADO TO BE TO-DAY'S OFFERING

Two Performances at Royal of Delightful Opera

The American Light Opera Company, which has all Victoria singing its praises for its exceptional performance of "Robin Hood" on Monday and Tuesday nights, expect to further "cinch" the title of the greatest singing show on tour "and the biggest amusement value ever offered" by the production of "The Mikado" this afternoon and to-night.

Of course we know that "The Mikado" is always good and as presented by this excellent company we may anticipate something exceptionally good. This comic opera is particularly rich in the peculiar kind of humor which distinguishes all of Gilbert and Sullivan's gay musical pieces. It is as if the authors had let themselves go in writing this libretto, their fancy wandering into strange regions of romance and laughter. The result is so different from the usual quips heard upon the stage that it remains amusing even to those who have heard it many times.

While most people probably do not find the score of "The Mikado" as engaging as that of "Robin Hood" the difference is amply compensated by the clever comedy and the excellent work of the members of the American Light Opera Company. Ed Andrews, who has captivated theatregoers with his droll comedy in "The Sheriff of Nottingham," will in "The Mikado" sing the role of "Ko Ko" the part he created with the original American production of "The Mikado" in 1885. He has played the role more than 2,000 times and is considered the very best exponent of the eccentric part in America to-day.

Theo. Pennington will be heard as "Yum Yum," Paula Ayres will hide her comeliness in the guise of "Katie," Harry Pfeil sings "Nanki Poo," Carl Bundshu, "Poo Bah" and George Olsen will be heard as "The Mikado."

FATTY ARBUCKLE LOST SOME WEIGHT BUT IS BUOYANT

Former Screen Comedian of International Fame Visitor Here Last Night

Expects to Return to the Active Movie Field Before Long

Lacking ten pounds of his former weight, Fatty Arbuckle, erstwhile film comedian, was an unobtrusive visitor to Victoria last night as a passenger on board the liner President Madison from the Orient. "I see that the King and Queen have been here," was the first remark that Arbuckle made in pointed allusion to the coincidence which brought the film stars Douglas Fairbanks and Mary Pickford to the city on the same day that marked his return from an exclusive wanderlust tour.

For two months Fatty Arbuckle has been making Japan his domicile. He is now in the mood to return to his former place in the movie world and is somewhat concerned as to the nature of the reception awaiting him in the United States.

"Sure, I expect to get back in the movies, and—but I can't speak of that just now," he remarked upon reflection, when questioned as to his future plans. "Just traveling," he tersely ejaculated when it was suggested that he had made the trip to the Far East in the interests of a motion picture concern. "I just wanted to travel and when I left San Francisco by the Siberia Maru it was my intention to go around the world. In fact I had virtually completed arrangements for reservations by the steamship Amazon from the Orient for Europe, when I changed my plans and decided to come back. I was advised against making the trip through tropical waters and it is said to be real hot in the Suez zone," he added, with the inference that humid atmosphere of tropical climes is not conducive to the comfort of men of

round and bulky stature. Arbuckle is naturally interested in the attitude of W. H. Hays, supreme czar of the American movies. He intimated, however, that it would not be long before he would be back in the screen world.

Was in Training.
When Arbuckle left San Francisco for the Far East he turned the scales at 250 pounds. By the time he arrived in Japan he had lost twenty pounds, but this reduction in weight was partially offset on the homeward trip when he gained ten pounds. He now weighs 270 pounds and is remarkably agile for the weight.

Lectured in Japan.
While in Japan, Roscoe Arbuckle lectured in a number of the more prominent movie theatres in Tokio and other Nippon centres. His pictures, he states, are being shown to large audiences in Japan, and maintains that the Japanese are appreciative of Arbuckle films.

There is a big field for the screen in Japan, the comedian says. "The theatres are excellently arranged, but are small and lack seating capacity. Arbuckle had a pleasant voyage across the Pacific, and the passengers of the President Madison made reference to him as "a good scout." The comedian is returning to Los Angeles by way of Seattle.

WINS DEGREE IN OPTOMETRY

Victoria Student, Successful in Examinations, to Practice Here

Andrew A. Blyth has returned to Victoria after studying optometry in the Los Angeles Medical School of Optometry and Ophthalmology and winning the degree of Doctor of Optometry. He was successful in a severe examination in which more than a third of the candidates failed. Last week he sat for the California State Optometry Board examination, but the results of this test have not been issued yet.

Mr. Blyth will join his father and brother in the practice of optometry here. Mr. Blyth's father, A. P. Blyth, is a member of the British Columbia Optometry Board, and his brother, like himself, is an alumnus of the Los Angeles Medical School of Optometry and Ophthalmology.

Mr. Blyth made a host of friends in California, and was a prominent figure in the activities of the Optometry School. He was editor of "The Reflex," the school paper.

What a world it would have been if everybody had been born with the gift of speech-making!

CHRISTIAN SCIENCE LECTURE WILL BE HELD HERE SUNDAY

Bicknell Young, C. S. B., a member of the Board of Lectureship of the First Church of Christ, Scientist, of Boston, will lecture on Christian Science in the Royal Victoria Theatre next Sunday afternoon at 3 o'clock. The lecture will be held under the auspices of the First Church of Christ, Scientist, of Victoria. The last lecture on Christian Science here was delivered in the Christian Science Church but, although the church building is large, it could not accommodate the crowd that attempted to gain admission. For that reason Sunday's lecture is to be held in the Royal Victoria Theatre which offers greater accommodation.

DUNSMUIR RAILWAY CONTRACTS BEFORE PERUVIAN CONGRESS

President Leguia Recommends Proposals in Opening Address

Will Connect All Existing Lines in One Great System

President Leguia of Peru, in his message to Congress at its opening at Lima recently, gives details of the railroads which Robin W. Dunsmuir, son of the late Hon. James Dunsmuir and of Mrs. Dunsmuir, of Hatley Park, Victoria, will construct in Peru.

Altogether Mr. Dunsmuir will build 2,400 miles of railroad at a cost of \$120,000,000. The Dunsmuir lines will link up the existing short lines in Peru to give one-whole unified transportation system throughout the country.

"The Government in the development of its railway program considers that, through the celebration of contracts ad-referendum, it has established the basis of our future and definitive economic aggrandisement," said the President to Congress.

"These contracts will not only enable Peru to develop efficiently her diverse regions, but also to avail herself of new elements of defence and to strengthen the collective spirit."

Robin William Dunsmuir and his associates will construct the following railway lines: from Huacho to Lambayeque; from Lima to Pisco; from Huancayo to Ayacucho; from Ayacucho to Cuzco; from Pisco to Huancavelica; from Chusacaca to Jauja; passing through Cajabamba and Cajamarca; from Chimbote or nearby port to Tambo del Sol in the neighborhood of Cerro de Pasco; from Tambo del Sol via Pachitea to Pucallpa on the Ucayali.

These lines will connect up the Coast strip of Peru, through the Cordillera Mountains to the elevated and

level lands of such interior districts known as the Montana region.

The contracts with Mr. Dunsmuir are now being passed on by the Peruvian Congress. The concession includes land grants amounting to 50,000,000 acres, surface rights in perpetuity and oil and mineral rights for 32 years.

Terms of the concession involve immediate payment to the Peruvian Government of \$1,125,000, or about \$2,000,000. This payment is to enable the Peruvian Government to free the tobacco monopoly from a first charge, and to hand over this monopoly, together with 168 miles of railroads already completed, or under construction, to Mr. Dunsmuir, who will be empowered to collect the tobacco monopoly and to use the proceeds for guaranteeing interest on bonds to be issued to provide the necessary funds for the operation of the concession.

The tobacco monopoly yielded last year \$901,579. Assuming a future yield of \$3,375,000 and assuming that the sinking funds will be suspended for ten years, it is estimated that Mr. Dunsmuir will be able to pay interest at 7 per cent. on \$48,000,000 from tobacco monopoly alone. It is considered likely that he will raise this amount of money by bond issue in New York.

The Peruvian Government reserves the right to abrogate the concession if the railroads are not built at a minimum rate of 32 miles a year, or if the whole of the proposed construction is not completed within twelve years.

DIPLOMATIC

"Harry, if I were to die, would you marry me?"

"That question is hardly fair, my dear."

"Why not?"

"Because if I were to say 'Yes,' you wouldn't like it, and to say 'Never again' wouldn't sound very nice."

If it weren't for the other fellow who would you blame when things go wrong?

VANCOUVER ISLAND News

BASKETBALL CLUBS OF DUNCAN ARE ORGANIZING

(Times Correspondence.)

Duncan—The Duncan basketball clubs held their annual meeting Monday evening in the Agricultural Hall, Duncan, when the following officers were elected for the coming season: President, H. W. Dickie; vice-president, Miss May Tomba; secretary, F. Beckwith; treasurer, A. Drom; scorekeeper, J. Wilmut; time-keeper, C. W. O'Neill.

It was decided to have a City League again, though the various teams are not finally made up. The captains, president and secretary are to hold a meeting next Monday, when teams will be entered and the schedule drawn up.

Messrs. Powell and McMillan have most kindly presented a cup, to be known as the "Vancouver Island Championship Cup." It is to be a perpetual challenge cup and be defended first in the Agricultural Hall by the Duncan team against any Vancouver Island team which wishes to challenge.

Great interest is being taken in basketball this year and a large number have signified their desire to play.

\$200 FINE FOR OPIUM SMOKING

(Times Correspondence.)

Sidney—On information given by Provincial Constable, F. E. L. Philip, a raid was made Saturday evening on a shack in Fifth Street, occupied by two Chinamen, Long and Lew Sam. The officers taking part were: Senior Constable Otway Wilkie, Chief Clerk Hood and Constables Bob Owen, M. G. McPhail, B. Lewis, J. Connel Smith and F. E. L. Philip.

Long was found in the act of smoking and pipes and other smoking paraphernalia were found. They were taken to the Sidney lockup and later to Victoria.

On Monday afternoon they came up for trial before Justices of the Peace, J. J. White and Alexander Macdonald. Wong pleaded guilty, and took any blame attaching to his friend. The case was dismissed against Lew Sam and Long was sentenced to a fine of \$200 or six months in jail and recommended for deportation should he be unable to prove himself a British subject.

The fine has been paid. The premises of Chung Lee Lung were searched and liquor was found, but on the wording of the Liquor Act the magistrates disagreed about the meaning of business premises and the cases were dismissed. Senior Constable Otway Wilkie prosecuted in both cases, and Mr. T. Miller was counsel for Chung.

LANGFORD EVENTS ARE PLANNED

(Times Correspondence.)

Langford—The monthly meeting of the Langford Women's Institute was held at the home of the president, Mrs. Radford, on Tuesday afternoon. There was a very good attendance and three new members were enrolled. A considerable amount of business was dealt with and amongst future plans discussed were arrangements for a Halloween social, all members being asked to keep that date open.

Mrs. Welch, who was convener of the Langford exhibit which carried off the honors at the Victoria Fall Fair, received the hearty congratulations of the president and members, her able and efficient helpers receiving also their due congratulations and thanks. It was decided, in honor of their success, to hold a social and musicale in the Langford Hall on the afternoon of October 24, to which the Victoria and Lake Hill Institutes, who were also participants in the Victoria Fair exhibits, will be invited.

Delegates to the conference of Vancouver Island Institutes were appointed as follows: Mademoiselle Duplessis as secretary, and Madames Radford and Welch.

Tea was served by the hostess, assisted by Mrs. Jobson, and the meeting adjourned.

NANAIMO CONCERNED OVER BEER CASES

Nanaimo, Sept. 27.—Under the heading of "A Piffing Case," The Nanaimo Herald deals editorially with the Liquor Board operations in Cumberland which have been causing trouble.

"There are three men on the Liquor Control Board, the chairman being Mr. Archie Johnson, who, before his appointment, was Deputy Attorney-General," The Herald says. "It is very obvious that, as between the Liquor Board and the Attorney-General's Department matters are not running as smoothly as they might do in the administration of the Liquor Act. Indeed it is rumored that the Liquor Board is nothing more than a fire brand. It has nothing to say in the fixing of liquor prices, and in the enforcement of the act by the Attorney-General's department it is never even consulted."

"There was a case under the Liquor Act before the Cumberland magistrate a few days ago. The case was dismissed. It was dismissed on the strength of the evidence contributed by a Liquor Board employee, and by a letter from the chairman of the Liquor Board himself. The letter from Chairman Johnson simply stated that the board had made a ruling permitting breweries to make a gift of a certain amount of beer to their agents. For ourselves, we cannot see what the board has to do with such a matter. If any brewer wished to provide his agent in any city with a couple of barrels of beer in a month for home consumption, we cannot see where the Liquor Board or even the Attorney-General's Department had any say in the matter. It seems to us to be a matter absolutely between the brewer and his agent."

"In the Cumberland case there was only two cases of beer involved. The employee of the Liquor Board made a slight mistake in the beginning which at the hearing of the case was corrected. At the outside, there was only a technical breach of the law involved, and the chairman of the Liquor Board, in his letter, declared that, according to his beliefs, everything was all right. In spite of all this, the Attorney-General has announced that the case will be appealed. If the announcement means anything at all, it means that Attorney-General Manson is not inclined to take the rulings of the Liquor Board and is determined to show up the Board or at least its chairman. There is no big issue involved. So far as we can see it is simply a case of the new Attorney-General showing an old Deputy Attorney-General how little he knows. Of course some innocent employee will suffer in the process; but after all, the whole incident serves to show up the insincerity of the Attorney-General's campaign against bootleggers and other violators of the Liquor Act."

(Times Correspondence.)

Metchosin—A social meeting will be held at Metchosin Hall on Friday evening under the auspices of the Metchosin Women's Institute, when Mr. Gibson, of the Department of Agriculture, will speak on "School Gardens." It has long been the intention of the Institute to assist the school grounds, and the above meeting has been planned to that end. Parents and children are particularly invited to attend to hear Mr. Gibson, and there will be no charge made for admission or to participate in the social which will follow the lecture.

The Farmers' Institute, true to its principle of co-operation, will join with the Women's Institute on this occasion, and the secretary announced that during the evening there will be a distribution of prizes and prize money won at the Metchosin Fall Fair and he particularly requests all who are able to attend the meeting.

WELLS TEACHES BROTHERHOOD IN "OUTLINE OF HISTORY"

"I did not write the 'Outline of History' for any propagandist purpose," said H. G. Wells.

"During the war I realized the world-wide wretchedness and enormous danger to our species, due to our narrow views of international affairs based upon ideas of patriotism and loyalty that ignore the common origins and common interests of mankind."

"I wanted to see the teaching of history broadened so that real brotherhood, the inseparable common

welfare of all mankind should be better understood. I wanted to bring home the material truth, the practical sanity of the great universal religions to everyone I could reach."

"There will be no peace in the world, no understanding, no trust between peoples, while children hate every country but their own. That is false history, false teaching, sowing the seed of wars, slaughters, incalculable suffering and waste of life."

"True history is the one which shows that there is no peace but universal peace, that there can be no enduring prosperity that does not comprehend all mankind."

"Outline of History" is now appearing in instalments in The Times.

Established 1908.

"Advertising is to business as steam is to machinery."

BUILDING OF A BUSINESS

Centuries ago, trading involved the utmost physical and financial hazard. The lives and fortunes of commercial conquerors; and always ignorance looked with suspicion on merchandise. Selling was based on price and argument. As production increased, as competition entered everywhere, selling, standing alone, could not cope with the burden of economic distribution. Then came advertising, and because the need for it was great, it grew rapidly and in many directions, known to mankind.

The Fuel-Saving Feature of the CALORIC

Is Now an Established Fact
The statement that the "Caloric" Furnace saves one-third to one-half of the ordinary fuel bill has been proved so often and so convincingly that home-owners everywhere recognise it as a fact which cannot be questioned. 135,000 "Caloric" Furnaces are now in use—90 here in Victoria!

DRAKE HARDWARE CO.
2213 Oak Bay Avenue. 1418 Douglas Street.

WINTER IS COMING!

You will need a Log Basket beside your fireplace. You will find it the handiest fuel container yet produced. Stoutly built, neat in appearance, clean. Saves house work. Price, each\$3.50
Inspection invited.
